WINES AND LIQUORS AT WHEELOCK'S.

CONSTANTLY on hand the purest articles at reasonable prices. It is not necessary to pay an exorbitant price to get the best, if you go to a wholesale house. Those goods were all bought with the gold, in bond, and consequently were shipped in the original packages. Many articles cannot, by law, be imported in less than 100 gallon packages, and small dealers cannot buy them in so large quantities, consequently if you want

Genuine Liquors

go to Wheelock's. The stock is complete, and any one wanting a pure article can depend on getting it there. The stock consists in part of Fine Old

Cognac and Rochelle Brandies,
HOLLAND GIN,
Superior Article of Old Tom Gin,
WEST INDIA RUM,
several kinds,
Fine Bourbon and Monongahela Whiskies,
RYE WHISKY, LOW PRICED, THAT IS PURE,
Pure Juice Wine, Sweet Sherry, Madeira, &c
CURRANT WINE
from one to eight years old,
GENUINE SCOTCH ALE, LONDON PORTER, BOSTON BOTTLED CIDER,
FINE WINES AND LIQUORS,

of all kinds, some of which have been bottled in the store eight years, and in short everything in this line all for "Medical Purposes."

Also, just received, a fine lot of

Fresh Peaches, Berries, Pine Apples, Jellies, Pickles, Mushrooms, Clams, Lobsters, Oysters, Sardines, Catsup, Sauces, French Mustard, Sweet Oil, &c.

FURNITURE WAREHOUSE

N. SWAGER,

WOULD call the attention of the people of Janesville, Rock and adjoining counties, to his increased facilities for manufacturing

PARLOR, CHAMBER AND COMMON FURNIRURE

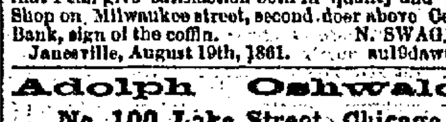
which he will sell at

Greatly Reduced Prices.

In addition to the articles manufactured by himself he keeps a large stock of Imported Furniture, which embraces everything needed for household use, and which, as well as his own manufacture, is of the latest styles and superior quality.

Coffins, of all sizes and trimmed in every variety of style constantly on hand.

Metallic Burial Cases and Caskets.



I have just received a large assortment of these articles, of an improved style and perfectly air tight. As none have been kept in this city for the last three or four years, much inconvenience has been experienced in sending for them.

I invite an examination of all my stock, knowing that I can give satisfaction both in quality and price. Shop on Milwaukee street, second door above Central Bank, sign of the coffin. N. SWAGER.

THE above are *First Class, justly popular, and prompt paying* companies. They invite investigation into their condition and solicit business entirely upon their real merits. In point of solvency and reliability and honorable dealing they have but *few equals, and no superiors*. They are founded upon the very best securities in the world—first class bonds and mortgages upon property in New York and Brooklyn—securities that have not, for the past ten years, depreciated below par, and are every way more reliable and permanent than railroad, bank, and other stocks, which are subject to the fluctuations of the market, and liable, *in times of panic*, as the experience of the past teaches, to become almost, if not entirely, valueless. And while there are Companies entering the field of competition, well calculated to mislead by publishing *partial* and *one-sided* statements of their condition, and without a cash surplus on hand sufficient to reinsure their outstanding risks, the above named companies always have and keep over and above their capital *twice* the amount, and in most instances *forty* times, needed for the reinsurance of all their risks. With such a foundation, and with such a condition, they claim the right to look with confidence to the public for liberal patronage.

Policies issued without delay, and farm risks for a series of years taken at less rates than can be done by Mutual Companies, and a *certainty* given instead of an *uncertainty*. All losses promptly adjusted and paid.

New York Life Insurance Company,
CASH CAPITAL over $1,900,000

all well invested for the benefit of Policy holders, so that the profits of this vast sum pay a large proportion of their annual premiums. This is unquestionably the very best Life Company doing business in this state.

Insurance against loss or damage by fire, on Dwellings, Furniture, Stores, Warehouses, Merchandise, Mills, Manufactories, and most other kinds of property, can be effected in this company upon as favorable terms as the nature of the risks and security of policy-holders will admit.

The above is the oldest company doing business in this state, and with peculiar propriety has been denominated "*The Old Hartford.*" As an *indemnity* to the insured, it refers to a solid million of assets well invested; and if anything were needed to commend it to the public for liberal patronage, we might offer its history of success in business and honorable dealing with its patrons, for over half a century, as amply sufficient for the purpose.

DAILY GAZETTE.

BY TELEGRAPH.

SATURDAY NIGHT'S REPORT.

WASHINGTON, March 1.

There is nothing in the official telegrams last received to show that the rebels are surrounded at Murfreesboro, and that they have evacuated Columbus; nor has any information been received from Gen. Buell since the announcement of the taking of Nashville, when he was four miles in front of that city; hence the newspaper reports of the rebels being surrounded at Murfreesboro are not reliable.

Dispatches received to-day at the navy department from Com. Foote, enclosing a report from Lieut. Gwinn, in which he says he returned to Cairo on the 23d inst., after having gone up the Tennessee river in the gunboat Tyler, as high as Eastport, Miss. He is happy to state that he has met with an increased Union sentiment in South Tennessee and North Alabama. He saw a few Mississippians in Hardin, McNary, Wayne, and a portion of Hardman counties, all of which border on the river; the Union sentiment is strong, and those who do not express themselves openly loyal are prevented by their fears of the military tyrants and coercion, which is practiced by the marauding bands of cavalry.

Learning that a large quantity of wheat and flour was stored in Clifton, Tennessee, intended of course to be shipped south, a large quantity of it having been bought for a firm in Memphis, on his down trip he landed there and took on board about 1000 sacks, and 100 barrels of flour, and some 6000 bushels of wheat. He also considered it his duty to take possession of the above to prevent its being seized by the rebels, or disposed of in the rebel country.

The glorious successes of our armies at Forts Henry and Donelson, he says, have been most beneficial to the Union cause throughout Tennessee and Alabama. The Union men can now begin to express their loyal sentiments without fear of being mobbed. He brought down, under arrest, a man named Wm. H. Pool, who has been active in oppressing Union men in his community. He has warned the inhabitants of the different towns along the banks of the river that he would hold accessionists and their property responsible for any outrages in their neighborhood on Unionists, and had enlisted seventeen men, and brought down a portion of the refugees.

A despatch from Com. Goldsborough to Sec. Welles, dated U. S. steamer Philadelphia, off Roanoke Island, February 23d, says: The reconnoitering party sent up the Chowan river has returned. It did not go up beyond Winton. There the enemy in considerable force opened a heavy fire upon the vessel in advance, the Delaware, with a battery of artillery and musketry, which induced our force to attack in return, both by landing the New York 9th Zouaves, and with the guns of the vessels that could be brought to bear upon the enemy. The enemy soon took flight, and the houses they occupied as quarters were burned. Not a man was injured on our side.

HALIFAX, March 1.

The Arabia from Liverpool, Saturday 15th, via Queenstown 16th, put in here, short of coal at 1:30 P. M. to-day.

Breadstuffs steady but sales small. No news. Consols 92¾a93.

The French papers think the Mexican question will lead to the fall of the Palmerston cabinet.

The Archduke Maximilian is positively said to have accepted the Mexican throne.

The Tuscarora is reported at Gibraltar, where the Sumter still remains without coal.

In the house of Lords Earl Russell stated that the government had protested against the permanent destruction of any harbors by the stone blockade, and the American government denied any such intention.

The expenses to England of the Mason and Slidell affair is £164,000.

WASHINGTON, March 1.

Special to Post.—The judiciary committee of the house will report against all enactments of emancipation laws for the disloyal states, taking the ground that the power to interfere with slavery rests with the president as commander-in-chief.

All the extra $150,000,000 demand notes have been issued. Secretary Chase now awaits the completion of sheets under the law recently passed in congress.

NEW YORK, March 1.

A dispatch was received by Superintendent Kennedy, from the assistant secretary of state, rescinding the order requiring persons leaving the country to procure passports, and another stating that foreign passports will not hereafter require to be countersigned.

ST. LOUIS, March 1.

Gen. Halleck, in a general order issued this morning in regard to prisoners of war states that where any considerable number of prisoners are captured, the officers should be seperated as soon as possible from privates; complete lists should be made as soon as possible, stating the name, rank and regiment of each person; one copy of the list should be sent to headquarters, and another furnished to the officers in charge of them. As a general rule officers will not be given paroles until they reach the depot, and then only by authority of the general commanding the department. Medical officers will not be separated from privates, but will be required to attend their own sick and wounded. For this purpose they will be given special paroles, allowing them all proper facilities. In case of sick and wounded no distinction will be made between friend and foe. Presents from friends of sick and wounded will be distributed to all alike. Prisoners will be rationed the same as our own troops, and commanding officers of departments will receive and distribute articles of clothing and comforts which may be sent to prisoners by friends, and will permit them to receive from and transmit to their friends, open letters which must be inspected by a proper officer. Money sent by friends should not be delivered to prisoners except in small quantities. Accounts should be kept of such funds, and they should be disbursed upon orders from the prisoners to whom they belong. When a prisoner is exchanged or released, he will be paid the balance due. Chaplains will be allowed free intercourse with the prisoners to give them religious instruction, and their friends will be permitted to visit them only when the commanding officer may deem it safe and proper, and then under such regulations as he may adopt, &c.

CAIRO, FEB. 27.—Private parties here have obtained permission of government to exchange coal oil for turpentine, with merchants on the Cumberland and Tennessee rivers. It is suggested that the trade be extended by exchanging hemp for cotton.

Five hundred barrels of flour and 2,000 sacks of wheat, captured on the Cumberland and bearing the mark of "Pillow," was brought to Cairo by one of our federal gunboats and yesterday shipped to Cincinnati.

The steamer Iatan has just arrived from Nashville, bringing 120 prisoners, every man.

GREAT REDUCTION
—IN—
The Prices
—OF—
SINGER & CO.'S
STANDARD MACHINES,

Well known to be the best for

Manufacturing Purposes:

No. 1, Standard Shuttle Machine, formerly sold at $90,

Reduced to $70.

No. 2, Standard Shuttle Machine, formerly sold at $100,

Reduced to $75.

Singer's Letter A Machine,

IS the best Machine in the word for Family Sewing and Light Manufacturing purposes; Price, (with Hemmer,) and beautifully ornamented,

FIFTY DOLLARS.

The Nos. 1 and 2 machines are of great capacity and application for manufacturing purposes.

Our No. 3 machines are especially adapted to all kinds of light and heavy

LEATHER WORK,

in Carriage Trimming, Boot and Shoe Making, Harness Making, etc., etc. They are of extra size, with an arm long enough to take under it and stitch the largest sized dashes. There is scarcely any part of a Trimmers' stitching that cannot be better done with them than by hand; so, too, the saving of time and labor is very great. The table under these machines is 24 inches long, and the shuttle will hold six times the usual quantity of thread. The large machines work as fast as small ones.

We would ask for our Letter A machines, the special attention of Vest Makers and Dress Makers, and all those who want machines for Light Manufacturing purposes. They embody the principles of the standard machines, making like them, the interlock stitch, and are destined to be as celebrated for Family Sewing and light manufacturing purposes as our standard machines are for manufacturing purposes in general.

We have always on hand

Hemming Guages, Silk Twist, Linen and Cotton Thread on Spools, Best Machine Oil in Bottles, etc., etc.

We manufacture our own Needles, and would warn all persons using our machines not to buy any others. We know that there are needles sold *of the most inferior quality*, at higher prices than we charge for the best. The needles sold by us are manufactured especially for our machines. *A bad needle may render the best machine almost useless.*

Our customers may rest assured that all our Branch Offices are furnished with the

GENUINE ARTICLE.

In case of small purchases, the money may be sent in postage stamps or bank notes.

Correspondents will please write their names distinctly. It is all important that we should in each *case know the post office, county and state.*

All persons requiring information about Sewing Machines, their size, prices, working capacities, and the best methods of purchasing, can obtain it by sending to us, or any of our Branch Offices for a copy of

I. M. SINGER & CO.'S GAZETTE,

which is a beautifully illustrated Pictorial Paper. *It will be sent Gratis*

We have made the above Reduction in Prices with the two-fold view of benefitting the public and ourselves. The public have been swindled by spurious machines made in imitation of ours. The metal in them, from the iron casting to the smallest piece, is of poor quality. Their makers have not the means to do their work well. They are hid away in secret places, where it would be impossible to have at their command the proper mechanical appliances. It is only by doing a great business, and having extensive manufacturing establishments, that good machines can be made at moderate prices. The best designed machines, Badly Made, are always liable to get out of order, and are sure to cost considerable trouble and money to keep them in repair. The qualities to be looked for in a machine are: *certainty of correct action at all rates of speed, simplicity of construction, great durability and rapidity of operation, with the least labor.* Machines to combine these essential qualities, must be made of the *best metal* and *finished to perfection*. We have the ways and means, on a grand scale, to do this.

The purchasers of machines, whose daily bread it may concern, will find that those having the above qualities not only work well at *rapid* as well as *slow* rates of speed, but *last long* in the finest possible working order. Our machines, *as made by us*, will *earn more money* with *less labor* than any others, whether in imitation of ours or not. In fact, they are cheaper than any other machine as a gift.

FURNITURE WAREHOUSE

N. SWAGER,

WOULD call the attention of the people of Janesville, Rock and adjoining counties, to his increased facilities for manufacturing

PARLOR, CHAMBER AND COMMON FURNIRURE

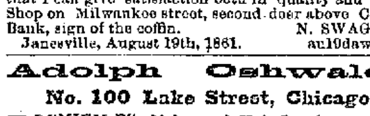
which he will sell at

Greatly Reduced Prices.

In addition to the articles manufactured by himself he keeps a large stock of Imported Furniture, which embraces everything needed for household use, and which, as well as his own manufacture, is of the latest styles and superior quality.

☞ Coffins, of all sizes and trimmed in every variety of style constantly on hand.

Metalic Burial Cases and Caskets.



I have just received a large assortment of these articles, of an improved style and perfectly air tight. As none have been kept in this city for the last three or four years, much inconvenience has been experienced in sending for them.

I invite an examination of all my stock, knowing that I can give satisfaction both in quality and price. Shop on Milwaukee street, second door above Central Bank, sign of the coffin. N. SWAGER.

THE above are *First Class, justly popular, and prompt paying* companies. They invite investigation into their condition and solicit business entirely upon their real merits. In point of solvency and reliability and honorable dealing, they have but *few equals, and no superiors.* They are founded upon the very best securities in the world—first class bonds and mortgages upon property in New York and Brooklyn—securities that have not, for the past ten years, depreciated below par, and are every way more reliable and permanent than railroad, bank, and other stocks, which are subject to the fluctuations of the market, and liable, *in times of panic*, as the experience of the past teaches, to become almost, if not entirely, valueless. And while there are Companies entering the field of competition, well calculated to mislead by publishing *partial and one-sided* statements of their condition, and without a cash surplus on hand sufficient to reinsure their outstanding risks, the above named companies always have and keep over and above their capital *twice* the amount, and in most instances *four* times, needed for the reinsurance of all their risks. With such a foundation, and with such a condition, they claim the right to look with confidence to the public for liberal patronage.

Policies issued without delay, and farms risks for a series of years taken at less rates than can be done by Mutual Companies, and a *certainty* given instead of an *uncertainty*. All losses promptly adjusted and paid.

New York Life Insurance Company,

CASH CAPITAL OVER - $1,900,000

all well invested for the benefit of Policy holders, so that the profits of this vast sum pay a large proportion of their annual premiums. This is unquestionably the very best Life Company doing business in this state.

Insurance against loss or damage by fire, on Dwellings, Furniture, Stores, Warehouses, Merchandise, Mills, Manufactories, and most other kinds of property, can be effected in this company upon as favorable terms as the nature of the risks and security of policy-holders will admit.

The above is the oldest company doing business in this state, and with peculiar propriety has been denominated "*The Old* Hartford." As an *indemnity* to the insured, it refers to a solid million of assets well invested; and if anything were needed to commend it to the public for liberal patronage, we might offer its history of success in business and honorable dealing with its patrons, for over half a century, as amply sufficient for the purpose.

DAILY GAZETTE.

BY TELEGRAPH.

SATURDAY NIGHT'S REPORT.

WASHINGTON, March 1.

There is nothing in the official telegrams last received to show that the rebels are surrounded at Murfreesboro, and that they have evacuated Columbus; nor has any information been received from Gen. Buell since the announcement of the taking of Nashville, when he was four miles in front of that city; hence the newspaper reports of the rebels being surrounded at Murfreesboro are not reliable.

Dispatches received to-day at the navy department from Com. Foote, enclosing a report from Lieut. Gwinn, in which he says he returned to Cairo on the 23d inst., after having gone up the Tennessee river in the gunboat Tyler, as high as Eastport, Miss. He is happy to state that he has met with an increased Union sentiment in South Tennessee and North Alabama. He saw a few Mississippians in Hardin, McNary, Wayne, and a portion of Hardman counties, all of which border on the river; the Union sentiment is strong, and those who do not express themselves openly loyal are prevented by their fears of the military tyrants and coercion, which is practiced by the marauding bands of cavalry.

Learning that a large quantity of wheat and flour was stored in Clifton, Tennessee, intended of course to be shipped south, a large quantity of it having been bought for a firm in Memphis, on his down trip he landed there and took on board about 1000 sacks, and 100 barrels of flour, and some 6000 bushels of wheat. He also considered it his duty to take possession of the above to prevent its being seized by the rebels, or disposed of in the rebel country.

The glorious successes of our armies at Forts Henry and Donelson, he says, have been most beneficial to the Union cause throughout Tennessee and Alabama. The Union men can now begin to express their loyal sentiments without fear of being mobbed. He brought down, under arrest, a man named Wm. H. Pool, who has been active in oppressing Union men in his community. He has warned the inhabitants of the different towns along the banks of the river that he would hold secessionists and their property responsible for any outrages in their neighborhood on Unionists, and had enlisted seventeen men, and brought down a portion of the refugees.

A despatch from Com. Goldsborough to Sec. Welles, dated U. S. steamer Philadelphia, off Roanoke Island, February 23d, says: The reconnoitering party sent up the Chowan river has returned. It did not go up beyond Winton. There the enemy in considerable force opened a heavy fire upon the vessel in advance, the Delaware, with a battery of artillery and musketry, which induced our force to attack in return, both by landing the New York 9th Zouaves, and with the guns of the vessels that could be brought to bear upon the enemy. The enemy soon took flight, and the houses they occupied as quarters were burned. Not a man was injured on our side.

HALIFAX, March 1.

The Arabia from Liverpool, Saturday 15th, via Queenstown 16th, put in here short of coal at 1:30 P. M. to-day.

Breadstuffs steady but sales small. No news. Consuls 92⅞a93.

The French papers think the Mexican question will lead to the fall of the Palmerston cabinet.

The Archduke Maximilian is positively said to have accepted the Mexican throne.

The Tuscarora is reported at Gibraltar, where the Sumter still remains without coal.

In the house of Lords Earl Russell stated that the government had protested against the permanent destruction of any harbors by the stone blockade, and the American government denied any such intention.

The expenses to England of the Mason and Slidell affair is £164,000.

WASHINGTON, March 1.

Special to Post.—The judiciary committee of the house will report against all enactments of emancipation laws for the disloyal states, taking the ground that the power to interfere with slavery rests with the president as commander-in-chief.

All the extra $150,000,000 demand notes have been issued. Secretary Chase now awaits the completion of sheets under the law recently passed in congress.

NEW YORK, March 1.

A dispatch was received by Superintendent Kennedy, from the assistant secretary of state, rescinding the order requiring persons leaving the country to procure passports, and another stating that foreign passports will not hereafter require to be countersigned.

ST. LOUIS, March 1.

Gen. Halleck, in a general order issued this morning in regard to prisoners of war states that where any considerable number of prisoners are captured, the officers should be seperated as soon as possible from privates; complete lists should be made as soon as possible, stating the name, rank and regiment of each person; one copy of the list should be sent to headquarters, and another furnished to the officers in charge of them. As a general rule officers will not be given paroles until they reach the depot, and then only by authority of the general commanding the department. Medical officers will not be separated from privates, but will be required to attend their own sick and wounded. For this purpose they will be given special paroles, allowing them all proper facilities. In case of sick and wounded no distinction will be made between friend and foe. Presents from friends of sick and wounded will be distributed to all alike. Prisoners will be rationed the same as our own troops, and commanding officers of departments will receive and distribute articles of clothing and comforts which may be sent to prisoners by friends, and will permit them to receive from and transmit to their friends, open letters which must be inspected by a proper officer. Money sent by friends should not be delivered to prisoners except in small quantities. Accounts should be kept of such funds, and they should be disbursed upon orders from the prisoners to whom they belong. When a prisoner is exchanged or released, he will be paid the balance due. Chaplains will be allowed free intercourse with the prisoners to give them religious instruction, and their friends will be permitted to visit them only when the commanding officer may deem it safe and proper, and then under such regulations as he may adopt, &c.

CAIRO, FEB. 27.—Private parties here have obtained permission of government to exchange coal oil for turpentine, with merchants on the Cumberland and Tennessee rivers. It is suggested that the trade be extended by exchanging hemp for cotton.

Five hundred barrels of flour and 2,000 sacks of wheat, captured on the Cumberland and bearing the mark of "Pillow," was brought to Cairo by one of our federal gunboats and yesterday shipped to Cincinnati.

The steamer Iatan has just arrived from Nashville, bringing 120 prisoners, every man.

SINGER & CO.'S

STANDARD MACHINES,

Well known to be the best for

Manufacturing Purposes:

No. 1, Standard Shuttle Machine, formerly sold at $90,

Reduced to $70.

No. 2, Standard Shuttle Machine, formerly sold at $100,

Reduced to $75.

Singer's Letter A Machine,

IS the best Machine in the word for Family Sewing and Light Manufacturing purposes; Price, (with Hemmer,) and beautifully ornamented,

FIFTY DOLLARS.

The Nos. 1 and 2 machines are of great capacity and application for manufacturing purposes.

Our No. 3 machines are especially adapted to all kinds of light and heavy

LEATHER WORK,

in Carriage Trimming, Boot and Shoe Making, Harness Making, etc., etc. They are of extra size, with an arm long enough to take under it and stitch the largest sized dashes. There is scarcely any part of a Trimmers' stitching that cannot be better done with them than by hand; so, too, the saving of time and labor is very great. The table under these machines is 24 inches long, and the shuttle will hold six times the usual quantity of thread. The large machines work as fast as small ones.

We would ask for our Letter A machines, the special attention of Vest Makers and Dress Makers, and all those who want machines for Light Manufacturing purposes. They embody the principles of the standard machines, making like them, the interlock stitch, and are destined to be as celebrated for Family Sewing and light manufacturing purposes as our standard machines are for manufacturing purposes in general.

We have always on hand

Hemming Guages, Silk Twist, Linen and Cotton Thread on Spools, Best Machine Oil in Bottles, etc., etc.

We manufacture our own Needles, and would warn all persons using our machines not to buy any others. We know that there are needles sold *of the most inferior quality*, at higher prices than we charge for the best. The needles sold by us are manufactured especially for our machines. *A bad needle may render the best machine almost useless.*

Our customers may rest assured that all our Branch Offices are furnished with the

GENUINE ARTICLE.

In case of small purchases, the money may be sent in postage stamps or bank notes.

☞ Correspondents will please write their names distinctly. It is all important that we should in each case know the post office, county and state.

☞ All persons requiring information about Sewing Machines, their size, prices, working capacities, and the best methods of purchasing, can obtain it by sending to us, or any of our Branch Offices for a copy of

I. M. SINGER & CO.'S GAZETTE,

which is a beautifully illustrated Pictorial Paper. *It will be sent Gratis*

We have made the above Reduction in Prices with the two-fold view of benefitting the public and ourselves. The public have been swindled by spurious machines made in imitation of ours. The metal in them, from the iron casting to the smallest piece, is of poor quality. Their makers have not the means to do their work well. They are hid away in secret places, where it would be impossible to have at their command the proper mechanical appliances. It is only by doing a great business, and having extensive manufacturing establishments, that good machines can be made at moderate prices. The best designed machines, Badly Made, are always liable to get out of order, and are sure to cost considerable trouble and money to keep them in repair.

The qualities to be looked for in a machine are: *certainty of correct action at all rates of speed, simplicity of construction, great durability and rapidity of operation, with the least labor.* Machines to combine these essential qualities, must be made of the *best metal* and *finished to perfection.* We have the ways and means, on a grand scale, to do this.

The purchasers of machines, whose daily bread it may concern, will find that those having the above qualities not only work well at *rapid* as well as *slow* rates of speed, but *last long* in the finest possible working order. Our machines, *as made by us*, will *earn more money* with *less labor* than any others, whether in imitation of ours or not. In fact, they are cheaper than any other machine as a gift.

The News.

The federal army, under Gen. Banks, has occupied Martinsburg, Va. We hope this is the beginning of a flank movement upon Manassas.

Our troops occupy Nashville. The enemy have retired from Murfreesboro towards Stevenson, in Alabama, which is 113 miles from Nashville. Stevenson is at the junction of the Memphis and Charleston, and the Nashville and Chattanooga railroads. It is supposed that the enemy will make a stand at Stevenson, which is beyond the reach of the gunboats.

According to all *signs* there are to be some great movements on the chess board of war, this week. So, look out for news.

The telegraph lines are still under the censorship of the government.

The War Power and the Duty of the General Government.

The Milwaukee News says we have "attacked" Mr. Carpenter for having changed his views in relation to the war. The News does not state the truth. We said Mr. Carpenter "appears to have changed his views somewhat." This constitutes the whole of the "attack," unless a liberal quotation from Mr. Carpenter's letter may be construed as such.

If there is any attack upon Mr. Carpenter, it comes from the News itself, which denies his doctrines and denounces them as black crimes which would disgrace pagan antiquity.

We agree entirely with Mr. Carpenter in his views as published in his letter. He would treat the rebels "as an independent power at war with us," and then apply to them the laws of war, which he proceeds to define: "We should be justified in despoiling them of their property, and in the south slaves are property." "Slaves are contraband of war." "The right of spoil or plunder, extends, in general, to all things belonging to the enemy," and "does not even exempt *sacred* things," which Mr. Carpenter says, truly, "embraces what *some* seem to think slavery is." "When a state is in rebellion, is it not the province of the government to reduce it to obedience in the most summary way? and if this can only be done by sweeping away slavery, then it is the province of this government, *and its bounden duty to sweep slavery away.*"

This would not be contrary to the constitution, which, in various ways, recognises the war power, in the president and congress, as paramount to everything else.

The rebel states, as states, have abdicated their authority by conspiring together in *making war* upon the national government, and by usurping and exercising powers forbidden by the constitution of the United States. Thus the rebel states have *outlawed* themselves, and are no longer legally in existence. They have, by conventions, abolished their state constitutions; but this does not abrogate the constitution of the United States, which still extends over all the country once included in these states, carrying with it, its war power in time of war, and civil powers in time of peace.

If there are no state constitutions now legally existing in the rebel states, they, being still a part of the United States, must be governed as territories. The government of the United States is bound by the constitution to so govern them that they shall have "a republican form of government," which is not now the case, and will not be until the usurping confederate governments are overthrown, and first territorial governments, and then new state constitutions substituted for them. "If this can only be done by sweeping away slavery, then it is the province of this government to do it, and its bounded *duty* to sweep away slavery."

This what we think, and if this is "crime against the constitution," we have been led into it by relying upon the legal opinions of Mr. Carpenter, and the News should turn its batteries upon him and not on us.

FUN IN THE SENATE.—Last Friday evening, before the senate took up the special order, the repeal of the personal liberty law, Sat Clark asked leave to introduce a bill, and sent the clerk a $100 confederate scrip bill, with the remark that he would like to have the senate pass it, as he had tried all day about the the streets to pass it and had been unable to do so. Mr. Bean, chairman of the committee of claims, inquired whether it was the per diem Sat. received for his services to the confederate states. The bill was referred to Mr. Bean's committee, and Sat. promised to appear before that tribunal to decide upon the value of services rendered by the claimant.

RETURN OF FUGITIVES.—On the 25th, Mr. Blair introduced into congress a bill establishing an additional article of war, prohibiting all officers employing any force under their command, to return fugitives; any officer found guilty of violating this article to be dismissed from the service. The bill has passed the house, yeas 83, noes 42. Now let the senate promptly second the movement by passing the bill.

Re-Assessment of City Taxes.

(Published February 27, 1862.)

Chapter 45.

AN ACT to provide for the reassessment of taxes in the City of Janesville, for the years 1854, 1855, 1856 and 1857.

The People of the State of Wisconsin, represented in Senate and Assembly, do enact as follows:

SECTION 1. The clerk of said city of Janesville is hereby required and directed to make out a separate tax list for each of the years 1854, 1855, 1856 and 1857, on or before the third Monday in March, 1862, which tax list shall contain a schedule of all the property in said city contained in the assessment roll of said city of the year for which said tax list is made out, (and upon which state, county and city taxes were required by law to be assessed when such assessment roll was made out;) and if said clerk, in making out such tax lists, shall discover that the description of any lands attempted to be described in said assessment rolls, or either of them, is imperfect or defective, it shall be the duty of said clerk to correct such description, and if more than one lot or parcel of land shall have been valued together on said assessment rolls, or any or either of them, it shall be the duty of said clerk to divide and apportion to each lot or parcel thereof, its just proportion of such valuation: *Provided, however,* that no division of the valuation need be made in such case, if such lots or parcels of land so valued together, were, at the time such valuation was made, owned by the same person and occupied as one parcel.

SEC. 2. When such tax lists have been completed by said clerk, it shall be the duty of the assessors of said city of Janesville to examine the same, and if said assessors shall discover that any property in said city of Janesville, in said years, or either of them, for which said tax lists are made, is omitted therefrom, the said assessors shall set down in said tax lists respectively, in separate columns, and according to the best information they can obtain, a description of each parcel of land or other item of property so omitted from such tax lists, the names of the owners of each such lot or parcel on land and other items of property, and the just value thereof at the time the same ought to have been assessed; and if said assessor shall discover that any lands are described in said tax lists, and not valued, the said assessors shall set down opposite thereto, the just value thereof at the time the same ought to have been valued. The said assessors, after they have examined and corrected said tax lists, shall annex to each of said lists a certificate substantially in the following form, viz:

"We, the undersigned, assessors of the city of Janesville, do hereby certify, that we have carefully examined the annexed tax list; that we have set down therein all lots and parcels of land and other items of property in the city of Janesville, in the year 185–, liable to taxation, which were omitted therefrom, and have assessed each lot, parcel and item thereof at its just value, and have set down therein the just value of such lots and parcels of land as were described therein and not valued at the time the same ought to have been assessed in said year 185—, according to our best information; and that we verily believe that said list contains a true statement of all the property in the said city of Janesville in said year 185—, liable to taxation, and the just value thereof.

"Given under our hands this —— day of —— 1862.

} Assessors of the city of Janesville."

SEC. 3. When said tax lists shall have been completed and certified by said assessors as aforesaid, the mayor of said city shall cause a notice, signed by said mayor and the clerk of said city, to be published in a daily newspaper published in said city, (if there shall be a daily newspaper published therein, and if not, then in a weekly newspaper,) that tax lists for the reassessment of the taxes in said city, for the years 1854, 1855, 1856 and 1857, have been completed, and that said tax lists contain a description of all property in said city liable to taxation in each of said years respectively; and that all property omitted from the assessment rolls of said city, for each of said years, has been added to said tax lists, and that the same also contain the valuation of all property therein described; that said tax lists will remain in the office of the clerk of said city, open to inspection, for the term of six days from the first publication of such notice; and that any person feeling himself aggrieved by the listing, valuation or description of any property, or by any other matter or thing contained in or connected with said tax lists, can apply to the common council of said city, at some time and place to be specified in said notice, for redress, which notice shall be published at least six days before the time of the meeting of said common council therein stated, and the said common council shall meet at the time and place specified in such notice, and hear and consider all complaints and allegations of every person so applying for redress, and shall order such corrections of the listing, valuation or description of any property described in such tax lists, as such common council shall deem just and equitable. Such corrections shall be ordered by resolution, to be passed by the affirmative vote of a majority of the members of said common council present and voting thereon; and such corrections, when so ordered, shall be immediately made in said tax lists by the clerk of said city, in pursuance of such resolution of the common council. Said common council shall, if necessary, adjourn from time to time until all applications for redress shall have been heard and decided, and shall, after all corrections ordered by them have been made in such tax lists, by a resolution to be passed as aforesaid, approve said tax list.

SEC. 4. When said tax lists shall have been approved by the common council of said city, the clerk of said city shall apportion in each of said tax lists, the amount of all state, county and city taxes required by law to be assessed, levied and collected in said city in the year for which such tax list is made out, with interest on said amount from the first day of January, in the year next following that for which such tax list is made out, to the third Monday in May, 1862, on all the property described in such tax list, and shall set opposite to each lot and parcel of land and other item of property in such tax list, in separate columns, the amount of said state, county and city taxes, and interest as aforesaid, properly chargeable thereon, computing the amount of said state, county and city taxes, and interest as aforesaid, *pro rata* upon the value of all property in the tax list for the year for which the same is made out, so that the whole amount of taxes so apportioned and set down in each tax list, shall be equal to the amount of the annual state, county and city taxes required by law to be assessed, levied and collected in said city in the year for which such tax list is made out, with interest thereon as aforesaid, adding thereto, for the expenses of collection in each of the said tax lists for the years 1854 and 1855, five per centum, and in said lists for each of the years 1856 and 1857, five per centum on the amount of the state and county taxes in each of the said last mentioned lists, and one half of one per centum for the amount of the city taxes in each of the last mentioned lists, in separate columns prepared for that purpose in such lists.

SEC. 5. As soon as said clerk has apportioned said taxes, he shall, on or before the second Monday in April, 1862, make out a copy of each of said tax list; and the common council of said city shall cause to be made out and annexed to each of said copies of said tax lists, a warrant directed to the treasurer of said city, which warrant shall command the said treasurer to collect from each of the persons and corporations named in the annexed tax list, and of the owners of the lots and parcels of land therein described, the taxes set down in said tax list opposite to their respective names, and to the severeal lots and parcels of land therein described; and in case any person or corporation upon whom any such tax is imposed, shall refuse or neglect to pay the same, he shall levy and collect the same by distress and sale of the goods and chattels of the person or corporation so taxed; and the moneys so to be collected, after deducting his fees, he shall pay into the treasury of said city of Janesville; such warrant to be signed by the mayor and clerk of said city, and sealed with the official seal thereof; and the clerk of said city shall, on or before the third Monday in April, 1862, deliver to said treasurer each of said copies of said tax lists, with such warrant thereto annexed.

SEC. 6. Within five days after the receipt of said copies of said tax lists, with such warrants thereto annexed, the said city treasurer shall give public notice in a daily newspaper, (if there be a daily paper published therein, if not, then in a weekly newspaper,) published in said city, the tax lists containing the reassessment of taxes in said city of Janesville, for the years 1854, 1855, 1856 and 1857, respectively, have been committed to him for the collection of said taxes, and that the said treasurer will receive payment of the taxes in said lists, at his office in said city, until the third Monday in May, 1862.

SEC. 7. The said city treasurer shall receive the taxes on any portion of any lot or parcel of land, or on any undivided share or interest therein, which the person paying the tax will clearly define, and shall only sell the residue or remaining interest in such lot or parcel of land, if the taxes thereon remains unpaid.

SEC. 8. On all taxes paid to said treasurer, on or before said third Monday in May, 1862, the said treasurer shall remit to the person paying the same, four-fifths of the said five per centum set down in said tax list as his fees for collecting such taxes so paid.

SEC. 9. If any portion of the taxes upon any property mentioned in said tax lists, or any of them, has been paid, or any payment made to the city treasurer on account thereof, for either of the said years 1854, 1855, 1856 and 1857, the amount so paid, together with interest thereon from the time of such payment to the said third Monday in May, 1862, shall be applied by the said city treasurer as a payment or part payment, as the case may be, of the taxes levied and assessed upon such property, pursuant to this act, for the year upon the account of which such payment was made; and the said treasurer shall, in like manner, receive any certificate heretofore issued by the treasurer of Rock county, upon the sale of any such property for the non-payment of the said state, county and city taxes, for either of the said years 1854, 1855, 1856 and 1857, in payment or part payment, as the case may be, of the taxes assessed and levied upon such property pursuant to this act, for the year on account of the taxes of which said property was sold and such certificate issued, and shall allow to the holder thereof the amount for which such property was sold, as specified in such certificate, and interest thereon from the date of such certificate to said third Monday in May, 1862, at the rate of seven per centum per annum; and in case there shall be any outstanding certificate of sale heretofore issued, of any lot or parcel of land for the non-payment of the state, county and city taxes thereon, for either of said years 1854, 1855, 1856 and 1857, and the taxes on such lot or parcel of land, assessed and levied pursuant to this act, shall be paid to the city treasurer, the holder of any such outstanding certificate shall be entitled to receive from said treasurer the amount specified in such certificate for which such lot or parcel of land was sold, and interest thereon from the date of such certificate to the time such last mentioned taxes were paid.

SEC. 10. In case any person shall refuse or neglect to pay the taxes imposed on him in said tax list, or any of them, the said city treasurer shall levy the same by distress and sale of any goods and chattels belonging to such person, wherever the same may be found in the county of Rock, and shall give at least five days notice of the time and place of sale of any property seized for the non-payment of any such taxes, by posting up not less than three notices thereof, in as many public places in said city. Said treasurer shall be entitled to the same fees for seizing and selling any such property as constables are for like services, and shall retain from the proceeds of such sales, the amount of taxes and charges and interest, for the non-payment of which such property is sold, and the costs and expenses of such seizure and sale, and pay the surplus, if any, to the owner of such property, on demand.

SEC. 11. If, on the second Monday in June, 1862, any of the taxes on any lot or parcel of land described in the said tax lists, or either of them, shall remain unpaid or uncollected, the said treasurer shall make out a separate and complete list of all such lots and parcels of land on which the taxes have not been paid or collected, for each of said years, 1854, 1855, 1856 and 1857, specifying in such lists each lot and parcel of land, the name of the person to whom assessed, if to any, and the amount of taxes and charges due thereon, with interest on the same, at the rate of twenty-five per centum per annum, from the first Monday in April, 1862, to the time of sale hereinafter mentioned. Such list shall be made in a book to be provided by said treasurer for that purpose, and after such lists are completed the said treasurer shall add to each list a certificate signed by him, substantially in the following form, viz:

I, —— ——, treasurer of the city of Janesville, do certify, that the foregoing is a correct list of all lots and parcels of land on which the taxes, interest and charges due for the year 185–, remain unpaid and uncollected, and that the sum set opposite each lot and parcel of land thereof, is the amount of taxes, charges and interest due and unpaid thereon for the year aforesaid, to the second Monday in July, 1862.

"In testimony whereof, I have hereunto set my official signature this ——— day of ——, 1862.

———— ————,
Treasurer of the city of Janesville."

SEC. 12. The said treasurer shall, after the said lists are completed, and on or before the third Monday of June, 1862, cause to be published in a daily newspaper, (if there be one published in said city, if not, then in a weekly newspaper,) published in said city, once a week for three successive weeks, a list for each of said years 1854, 1855, 1856 and 1857, of all lands described in the lists in his office, on which the taxes, charges and interest, or any part thereof, remain unpaid and uncollected for each of said years respectively, specifying in said lists to be published, the names of the persons to whom each lot and parcel of land is assessed, if any, and the amount of taxes, charges and interest thereon as aforesaid, due on each lot and parcel of land, and the year for which such taxes remain unpaid; together with a notice that so much of each lot and parcel of land described in said lists as may be necessary for that purpose, will, on the third Monday of July, 1862, be sold by such treasurer, at public auction, at the office of such treasurer, in the said city of Janesville, for the payment of the taxes, charges and interest, specified in such lists, due thereon.

SEC. 13. The publisher of the newspaper in which such lists and notices are published, shall, immediately after the last publication thereof, deliver to the said city treasurer an affidavit of such publication, made by some person connected with the publishing of the newspaper in which said lists and notices are published, to whom the fact of publication is known, which affidavit shall be filed and preserved in the office of said treasurer.

SEC. 14. On the day designated in the notice of sale, the said city treasurer shall commence the sale of such lands (on which the taxes, charges and interests shall not have been paid, and shall continue the same from day to day (Sundays excepted,) until so much of each lot and parcel thereof shall be sold as shall be sufficient to pay the taxes, interest and charges thereon; and all moneys received on such sale shall be paid into the city treasury.

SEC. 15. The person at such sale offering to pay the taxes, charges and interest on any lot or parcel of land for the least quantity thereof, shall be the purchaser of such quantity; which shall be designated and described by such person, at the time he offers to pay the taxes, charges and interest therefor; and in case no bid shall be made for the payment of the taxes, charges and interest on any lot or parcel of land, for a portion thereof, then the whole of said lot or parcel shall be sold.

SEC. 16. The said treasurer may, in his discretion, require immediate payment of every person to whom any lot or parcel of such land shall be struck off; and in all cases where papment is not made in twenty-four hours after the bid, said treasurer shall declare said bid cancelled, [canceled,] and sell the lands again; and any person so neglecting or refusing to make payment, shall not be entitled to have any bid made by him thereafter, received by said treasurer during such sale.

SEC. 17. If any parcel of land cannot be sold for the amount of taxes, charges and interest thereon, the said treasurer shall bid off the same for said city, for such amount.

SEC. 18. When any land is offered for sale as aforesaid, it shall not be necessary to sell the same as the property of any particular person, and if it is assessed to, or should be sold as the property of any such person, no misnomer of the owner, or supposed owner, or any other mistake or error respecting the ownership of such land, shall ever affect the sale, or render it void or voidable.

SEC. 19. The said treasurer shall give to each purchaser on the payment of his bid or bids, and if the same shall be struck off to said city, then to said city a certificate in writing, dated the day of the sale, describing the lands purchased, and the amount for which the same was sold, and the time when the purchaser will be entitled to a deed thereof, which certificate shall be assignable by the endorsement of the name of the person named as the purchaser thereon, on the back thereof; and any person's interest in such certificate, so endorsed, shall pass by a delivery thereof, and the certificates issued by the said city shall be assignable by the endorsement of the clerk of the city thereon and delivering thereof; and any person who shall pay to the said city treasurer the amount for which the land described in said certificate was sold, as stated therein, with interest thereon, at the rate of twenty-five per centum per annum, from the date thereof to the time of such payment, shall be entitled to have such certificate, duly endorsed by said city clerk, delivered to him; and all such certificates shall have the same force and effect in the hands of the assignee thereof, as while owned by the purchaser at the sale.

SEC. 20. The said city treasurer shall, immediately after such sale, deposit in the office of the clerk of said city, a statement containing a particular discription of each parcel of land sold, specifying the name of the person to whom sold, and the amount for which the same was sold, and the said clerk shall record such statement in a book to be kept in his office for that purpose; and the said treasurer shall also make out and deliver to said clerk, all certificates of sales of lands bid off by said treasurer; and any person desiring to purchase any such certificates, shall pay to the treasurer the amount thereof, with interest as aforesaid, and on presenting the treasurer's receipt therefor, said clerk shall endorse such certificates, and deliver the same to such person and shall fill [file] the treasurer's receipt in his office.

SEC. 21. The owner or occupant of any lands sold for taxes by virtue of this act, or any other person, may, at any time within three months from the date of the certificate of sale thereof, redeem the same, or any part thereof or interest therein, by paying to the clerk of said city, for the use of the purchaser, his personal representatives or assigns, the amount for which such land was sold, and all subsequent charges thereon authorized by the provisions of this act, or such proportion thereof as the part or interest redeemed shall amount to, with interest on the amount of purchase money, at the rate of twenty-five per centum per annum, from the date of such certificate to the time of redemption; and any such person may, in like manner, redeem the same at any time before the tax deed executed upon such sale is recorded, and when so redeemed, such tax deed shall be void.

SEC. 22. The lands of minors, or any interest they may have in lands sold for taxes by virtue of this act, may be redeemed at any time before such minor becomes of age, and during the term of three months thereafter; and the lands of idiots and insane persons so sold, or any interest they may have in the same, may be redeemed at any time within two years after such sale, and such redemption shall be made in the same manner as in the last preceding section.

SEC. 23. The clerk of said city shall receive, in redemption of lands sold by virtue of this act, any outstanding certificate of sale heretofore issued by the treasurer of Rock county, on the sale of the same land for the non-payment of the taxes thereon for either of the years for which the tax lists mentioned in this act, are made out; and said clerk shall also receive any such outstanding certificate in payment for any certificate of sale of lands bid off by said city at the sale to be held by virtue of this act, for the amount specified in such outstanding certificate executed by the county treasurer, with interest thereon] at the rate of seven per centum per annum, from the date of such certificate to the time of such redemption or purchase; and in case of the redemption of any lands sold in pursuance of this act, by delivery to said city clerk of such outstanding certificates as aforesaid, the treasurer of said city shall, on presentation of the certificate of sale of the same lands for the same year, issued in pursuance of this act, pay to the holder thereof the amount for which the land therein described sold, as stated therein, with interest thereon from the date thereof to the time of such redemption, at the rate of twenty-five per centum per annum.

SEC. 24. Upon the redemption of any lands sold for taxes by virtue of this act, said city clerk shall execute to the person so redeeming, a certificate specifying therein the name of the purchaser, the land redeemed, and the amount of the redemption money paid; and such clerk shall also enter on the sale list kept by him, the name of the person redeeming, the amount paid, and the time of redemption. Said certificate shall also be presented to the city treasurer, and countersigned by him, and shall then be evidence, in all courts, that the lands therein described have been redeemed from the sale for the year therein specified.

SEC. 25. If any land sold for taxes by virtue of this act, shall not be redeemed as provided in this act, the clerk of said city shall, after the expiration of the term of three months from the time of such sale, on the presentation to him of the certificate of sale, execute a deed of the land so remaining unredeemed, to the purchaser, his heirs or assigns, which deed shall be substantially in the following form, viz:

"Whereas, —— has deposited in my office a certificate executed by the treasurer of the city of Janesville, whereby it appears that the said —— (or in case of assignment, A. B., of whom the said —— is assignee,) did purchase the following lands, viz: (here describe the lands,) at a tax sale held by said treasurer, on the —— day of —— 1862, for the sum of $——, being then due on said land for taxes, interest and charges for the year 185–; and whereas, said land is now unredeemed from such sale; Now, therefore, know all men by these presents, that in consideration of the said sum of $——, and of the premises, the said above described lands are hereby granted and conveyed unto the said ——, with all the hereditaments and appurtenances thereunto belonging, and to his heirs and assigns, to their sole use and benefit forever.

"In witness whereof, I have hereunto set my hand and the official seal of said city, this —— day of ——, 1862.

"——, Clerk of the City of Janesville."

Such deed shall be signed by the clerk, and shall have affixed thereto the official seal of said city, and shall be acknowledged by said clerk, so as to entitle the same to record; and such deed, when so executed and recorded in the office of the register of deeds for Rock county, shall be conclusive evidence, in all courts, that the taxes for the non-payment of which the lands therein described were sold, were valid, and were legally assessed on said lands; that all proceedings, from the valuation of the land up to and including the execution of such deed, were regular and valid; and shall also be conclusive evidence of the performance of all conditions precedent, which might in any way affect the validity of said deed, or of the title intended to be conveyed thereby, and shall be sufficient and effectual to vest a title in fee simple in the grantee named therein, in and to the lands described in said deed, except that said deed shall be only *prima facie* evidence of the non-payment of the taxes, interest and charges for which the lands therein [described] were sold, and of the non-redemption of said lands after sale thereof and before the recording of said deed.

SEC. 26. The said clerk of said city shall execute a deed or deeds, in like manner, to said city, of all lands described in the certificates of sales issued to said city in said tax sale, which shall not have been sold and assigned by said city prior to the expiration of the time of redemption as aforesaid, and title to the lands therein described shall vest in said city, in like manner and with the same effect as when executed to natural persons; and said city is hereby authorized and empowered to take and hold title to all lands which may be conveyed to it in pursuance of this act, and to sell and convey the same, in the same manner [and] with the same effect that the said city is now authorized to sell and convey any lands it may own.

SEC. 27. No injunction, order or other process or order, shall be allowed or issued by any court or judge, or commissioner in this state, to enjoin or restrain the sale of any lands in the said city of Janesville, for taxes, or to enjoin or restrain the execution or recording of any deed executed in pursuance of said sales, or to enjoin, restrain or interfere with any proceedings taken, or attempted or threatened to be taken, for the collection of the taxes authorized to be collected by the provisions of this act; and no action nor proceedings shall be commenced in any court of this state, for the purpose of setting aside the taxes on any lands situated in the city of Janesville, or to invalidate or set aside any certificate of sale of lands in said city for taxes, or any tax deed conveying any lands in said city, or for the purpose of recovering the possession of land in (in) said city, held under a tax deed, unless the person commencing such action or proceedings shall first pay to the treasurer of said city the amount of all taxes remaining unpaid thereon, whether such taxes have been regularly assessed or not; and the person commencing such action or proceedings shall allege in his complaint or papers, either that all taxes on such lands have been paid within the time required by law for the payment thereof, or, if payment is made by virtue of this section, shall allege the amount which has been paid to the city treasurer, to enable such person to commence such action or proceedings, the time of payment, and the year for which such payment is made; and if it shall appear upon the trial or hearing of such action or proceedings, that the amount so paid is not the full amount of taxes justly chargeable upon such lands, such action or proceedings shall be dismissed, and costs taxed against the plaintiff therein.

SEC. 28. As between grantor and grantee of any lands affected by this act, and as between any other person interested in such lands, their rights, liabilities, obligations and equities shall remain the same as though this act had not been passed, and the taxes or assessments for each of the years mentioned herein, had been legally levied and collected, or the lands sold for the payment thereof, in each year, under the laws existing at the time said taxes or assessments shall have been levied.

SEC. 29. The treasurer of said city shall keep all necessary accounts under existing laws to carry out the objects of this act; and the city council shall have power to allow any city officer a reasonable compensation for any services which he may perform, by virtue of this act, over and above the amounted allowed him for the performance of the ordinary duties of his office, which extra compensation shall be paid out of the city treasury; and said city treasurer shall on the payment to him of any tax, give a receipt for the same, describing the lands or specifying the amount of personal property upon which the same is paid, and shall notice in his tax roll the payment thereof.

SEC. 30. In addition to the fees heretofore specifically allowed in this act, the following shall be allowed: To the city clerk, for every deed of land sold for taxes, seventy-five cents; for each additional parcel of land described therein after the first, five cents; to the person taking and certifying the acknowledgment of the same, twenty-five cents; to the city treasurer, for duplicate receipts given in the payment of taxes, ten cents; for each additional parcel of land described therein after the first, five cents; to the clerk of said city, for countersigning any receipt, ten cents. The clerk and treasurer in giving deeds and receipts, shall include therein as many parcels of land bid off or owned by any person, as such person may desire, and the above fees shall be paid by such person. To the publisher of the paper who shall publish the notices of sale and tax lists, in pursuance of this act, twenty cents for each lot or parcel of land; twenty-five cents for all insertions. The fees of publication and all costs, charges and interest imposed by the provisions of this act, shall be a lien until paid, equally with the unpaid taxes.

SEC. 31. This act shall be so construed as to include all taxes included in the assessment rolls for each of the years herein mentioned, and no tax assessed in accordance with the provisions of this act, shall be deemed void or voidable in consequence of any irregularity attending the proceedings authorized by this act; and no action shall be maintained to recover of said city, or any officer thereof, any money heretofore paid to said city on account of any state, county, city, ward or special tax or assessment for either of the years mentioned in this act, or on account of or for any such outstanding certificate of sale, issued by said city, for the nonpayment of any such tax or assessment.

SEC. 32. This act shall be published immediately, and shall be in force from and after its passage and publication; and all acts and parts of acts contravening the provisions of this act, are hereby repealed.

Approved February 21, 1862.

The Statement of the School Land Commissioners.

The recent statement of the school land commissioners, in reply to Mr. Sanborn's resolution, contains a large amount of valuable statistics with referrence to the lands and funds under their control.

The number of acres of school lands originally set apart to the state was 1,395,046.37; university lands, 93,607.31; swamp lands, 1,667,813.58. Number of acres sold and patented of school lands, 165,383.40; university lands, 11,093.81; swamp lands, 253,166.72. Number of acres of school lands contracted, 680,884.45; university lands, 42,715.44; swamp lands, 254,266.08. Number of acres of school lands on hand, 548,778.52; university lands, 39,798.06; swamp lands, 1,160,380.78. Amount due for school lands on contract, $1,262,739.55; for university lands, $189,627.72; for swamp lands, $316,194.87.

The number of school loans made out of the school fund since the organization of the state government is as follows:

Total number of loans			3,098

The record of loans from the school fund past due and forfeited, is the most instructive. The aggregate amount of these is $166,217 22. In some instances the securities given may ultimately reimburse the fund; in others they are nearly worthless; in a great majority of cases they have depreciated so as to be insufficient, while the whole amount becomes non-productive and the income which should be derived from it is lost to the children of the state.

No stronger argument could be made against the present system of loaning the fund than these facts present. With the utmost care and the most honest administration, losses will occur. There is, moreover, the constant liability to corruption and political favoritism in the use of the fund. The state wants to borrow money. The school fund wants to loan on good security. There can be no security so good as our own state bonds. The people will never refuse to pay the interest, especially when that interest comes directly back to them for the education of their children.

The Naples correspondent of the London Times, writing on the 28th of January, states that the Italian government has given orders to its officers to sink the Sumter if met with in the waters of the Mediterranean, in case of a refusal to give herself up. On the 21st of January the Sumter was in the Bay of Gibraltar and had no means to buy an outfit. When at Cadiz she could pay for but thirty tons of coal. With all the damage she has done, she has not paid expenses.

☞ A commission has been issued to Major Henry Orff as lieutenant colonel of the 9th regiment, vice Winesberg resigned.

Home Manufactures Successful.

After encountering many difficulties, submitting to many unavoidable delays and expenses (always incident to beginners) we have overcome all obstacles and succeeded in producing an article which we are not ashamed to own as one of home manufacture. Many have the impression that an article is better because it is made in Ohio, and which has to be paid for in Ohio. Of all such we, we would ask an examination of the Jessup Grain Drill made in this city. Without claiming for it any *superiority* in workmanship over foreign made, we are willing and anxious to have an examination of its qualities and peculiarities. We have been for the last week testing one of the drills, and we are more than satisfied with the accuracy with which it distributes the grain. It is safe to assert as a fact, that it is *perfectly acurate* in the distribution of grain whether it is wheat, rye, oats, barley, corn, peas or beans, or any grain grown in this climate. The teeth are set double rank, and it can be used as a broadcast sower, with as much satisfaction as any machine yet introduced in this market.

The advantages of a home made machine should be apparent to every one. Should repairs need to be made, or improvements attached, it can be done much more readily where made than elsewhere. This county has paid thousands of dollars *every year* since its organization to the *eastern states* for agricultural implements.—This should not be. Yet these implements are indispensably necessary. No farmer is able to do business without them. What could a farmer do without a plow? Why not make our own plows? What could a farmer do without a waggon? Why should we not make every waggon in use here? No farmer should do without a grain drill. Why pay tribute to Ohio or New York for everything we use? The Jessup Grain Drill, made by R. J. Richardson, are now on exhibition at the Rock River works, on the Triangle and at Richardson's hardware store. Please go and see them, but don't buy one, nor encourage their manufacture unless you think they are worthy of your patronage.

fe25daw2d THE MANUFACTURER.

The Difference Between Broadcasting and Drilling Grain.

But few farmers are aware of the advantage of Drilling, over Broadcasting. Let us compare the cost of labor on one hundred acres. In the first place the grain is to be sown by hand, which must be done when the wind don't blow a gale. To sow 100 acres of wheat will require one to travel about 75 miles and carry an average weight of 25 pounds; it is necessary to go over the ground *at least* twice after sowing. To do this it will require a man with team and harrow (6 feet wide) to travel about 260 miles, which added to the 75 miles for sowing, makes 335 miles, total for broadcast.

Now let us see what the Jessup Drill, as manufactured by R. J. Richardson, will do. (The ground is supposed to be the same as when broadcasted.) A ten tooth drill is just 6 feet wide, (the same as a harrow,) the wheels are 47 inches in diameter and revolve 575 times, and go one mile and about 107 rods to drill one acre. At this rate (which is correct) it will finish the 100 acres in going 134 miles, and the wind may blow as much of a gale as it pleases. A saving of 201 miles travel. One and a half bushels of drilled grain is equal to two broadcasted, a saving of 50 bushels on 100 acres. Two hundred and one miles of travel and 50 bushels wheat is worth $50. Richardson will sell a ten tooth drill for $75. The saving of two years use will pay for the drill and the taxes on 100 acres.

Call at Richardson's and look at the Drill now on exhibition. fe21dawld

Jessups' Grain Drill.

An eight tooth grain drill, as made by Richardson, drills 4 feet 10 inches wide. The wheels revolve 716 times in going one mile and 214 rods, which finishes one acre of land.

A nine tooth drills 5 feet 5 inches wide. The wheels revolve 647 times in going 1½ miles, which finishes one acre.

A ten tooth drills 6 feet wide. The wheels revolve 575 times in going 1 mile and 107 rods, which finishes one acre.

An eleven tooth drills 6 feet 7¼ inches. The wheels revolve 516 times in going one mile and 65 rods, which finishes one acre.

A twelve tooth drills 7 feet 2 inches. Wheels revolve 471 times in going one mile and 30 rods, which finishes an acre.

The price of an 8 tooth is $65, 9 tooth $70, 10 tooth $75, 11 tooth $80, 12 tooth $85, delivered in Janesville without any charges for freight, or advance money.

The News.

The federal army, under Gen. Banks, has occupied Martinsburg, Va. We hope this is the beginning of a flank movement upon Manassas.

Our troops occupy Nashville. The enemy have retired from Murfreesboro towards Stevenson, in Alabama, which is 113 miles from Nashville. Stevenson is at the junction of the Memphis and Charleston, and the Nashville and Chattanooga railroads. It is supposed that the enemy will make a stand at Stevenson, which is beyond the reach of the gunboats.

According to all signs there are to be some great movements on the chess board of war, this week. So, look out for news.

The telegraph lines are still under the censorship of the government.

The War Power and the Duty of the General Government.

The Milwaukee News says we have "attacked" Mr. Carpenter for having changed his views in relation to the war. The News does not state the truth. We said Mr. Carpenter "appears to have changed his views somewhat." This constitutes the whole of the "attack," unless a liberal quotation from Mr. Carpenter's letter may be construed as such.

If there is any attack upon Mr. Carpenter, it comes from the News itself, which denies his doctrines and denounces them as black crimes which would disgrace pagan antiquity.

We agree entirely with Mr. Carpenter in his views as published in his letter. He would treat the rebels "as an independent power at war with us," and then apply to them the laws of war, which he proceeds to define: "We should be justified in despoiling them of their property, and in the south slaves are property." "Slaves are contraband of war." "The right of spoil or plunder, extends, in general, to all things belonging to the enemy," and "does not even exempt *sacred* things," which Mr. Carpenter says, truly, "embraces what *some* seem to think slavery is." "When a state is in rebellion, is it not the province of the government to reduce it to obedience in the most summary way? and if this can only be done by sweeping away slavery, then it is the province of this government, *and its bounden duty to sweep slavery away.*"

This would not be contrary to the constitution, which, in various ways, recognises the war power, in the president and congress, as paramount to everything else.

The rebel states, as states, have abdicated their authority by conspiring together in *making war* upon the national government, and by usurping and exercising powers forbidden by the constitution of the United States. Thus the rebel states have *outlawed* themselves, and are no longer legally in existence. They have, by conventions, abolished their state constitutions; but this does not abrogate the constitution of the United States, which still extends over all the country once included in these states, carrying with it, its war power in time of war, and civil powers in time of peace.

If there are no state constitutions now legally existing in the rebel states, they, being still a part of the United States, must be governed as territories. The government of the United States is bound by the constitution to so govern them that they shall have "a republican form of government," which is not now the case, and will not be until the usurping confederate governments are overthrown, and first territorial governments, and then new state constitutions substituted for them. "If this can only be done by sweeping away slavery, then it is the province of this government to do it, and its bounded *duty* to sweep away slavery."

This what we think, and if this is "crime against the constitution," we have been led into it by relying upon the legal opinions of Mr. Carpenter, and the News should turn its batteries upon him and not on us.

Fun in the Senate.—Last Friday evening, before the senate took up the special order, the repeal of the personal liberty law, Sat Clark asked leave to introduce a bill, and sent the clerk a $100 confederate scrip bill, with the remark that he would like to have the senate pass it, as he had tried all day about the the streets to pass it and had been unable to do so. Mr. Bean, chairman of the committee of claims, inquired whether it was the per diem Sat. received for his services to the confederate states. The bill was referred to Mr. Bean's committee, and Sat. promised to appear before that tribunal to decide upon the value of services rendered by the claimant.

Return of Fugitives.—On the 25th, Mr. Blair introduced into congress a bill establishing an additional article of war, prohibiting all officers employing any force under their command, to return fugitives; any officer found guilty of violating this article to be dismissed from the service. The bill has passed the house, yeas 83, noes 42. Now let the senate promptly second the movement by passing the bill.

Re-Assessment of City Taxes.

(Published February 27, 1862.)

Chapter 48.

AN ACT to provide for the reassessment of taxes in the City of Janesville, for the years 1854, 1855, 1856 and 1857.

The People of the State of Wisconsin, represented in Senate and Assembly, do enact as follows:

Section 1. The clerk of said city of Janesville is hereby required and directed to make out a separate tax list for each of the years 1854, 1855, 1856 and 1857, on or before the third Monday in March, 1862, which tax list shall contain a schedule of all the property in said city contained in the assessment roll of said city of the year for which said tax list is made out, (and upon which state, county and city taxes were required by law to be assessed when such assessment roll was made out;) and if said clerk, in making out such tax lists, shall discover that the description of any lands attempted to be described in said assessment rolls, or either of them, is imperfect or defective, it shall be the duty of said clerk to correct such description, and if more than one lot or parcel of land shall have been valued together on said assessment rolls, or any or either of them, it shall be the duty of said clerk to divide and apportion to each lot or parcel thereof, its just proportion of such valuation: *Provided, however*, that no division of the valuation need be made in such case, if such lots or parcels of land so valued together, were, at the time such valuation was made, owned by the same person and occupied as one parcel.

Sec. 2. When such tax lists have been completed by said clerk, it shall be the duty of the assessors of said city of Janesville to examine the same, and if said assessors shall discover that any property in said city of Janesville, in said years, or either of them, for which said tax lists are made, is omitted therefrom, the said assessors shall set down in said tax lists respectively, in separate columns, and according to the best information they can obtain, a description of each parcel of land or other item of property so omitted from such tax lists, the names of the owners of each such lot or parcel on land and other items of property, and the just value thereof at the time the same ought to have been assessed; and if said assessor shall discover that any lands are described in said tax lists, and not valued, the said assessors shall set down opposite thereto, the just value thereof at the time the same ought to have been valued. The said assessors, after they have examined and corrected said tax lists, shall annex to each of said lists a certificate substantially in the following form, viz:

"We, the undersigned, assessors of the city of Janesville, do hereby certify, that we have carefully examined the annexed tax list; that we have set down therein all lots and parcels of land and other items of property in the city of Janesville, in the year 185–, liable to taxation, which were omitted therefrom, and have assessed each lot, parcel and item thereof at its just value, and have set down therein the just value of such lots and parcels of land as were described therein and not valued at the time the same ought to have been assessed in said year 185—, according to our best information; and that we verily believe that said list contains a true statement of all the property in the said city of Janesville in said year 185—, liable to taxation, and the just value thereof.

"Given under our hands this —— day of —— 1862.

} Assessors of the
} city of Janesville."

Sec. 3. When said tax lists shall have been completed and certified by said assessors as aforesaid, the mayor of said city shall cause a notice, signed by said mayor and the clerk of said city, to be published in a daily newspaper published in said city, (if there shall be a daily newspaper published therein, and if not, then in a weekly newspaper,) that tax lists for the reassessment of the taxes in said city, for the years 1854, 1855, 1856 and 1857, have been completed, and that said tax lists contain a description of all property in said city liable to taxation in each of said years respectively; and that all property omitted from the assessment rolls of said city, for each of said years, has been added to said tax lists, and that the same also contain the valuation of all property therein described; that said tax lists will remain in the office of the clerk of said city, open to inspection, for the term of six days from the first publication of such notice; and that any person feeling himself aggrieved by the listing, valuation or description of any property, or by any other matter or thing contained in or connected with said tax lists, can apply to the common council of said city, at some time and place to be specified in said notice, for redress, which notice shall be published at least six days before the time of the meeting of said common council therein stated, and the said common council shall meet at the time and place specified in such notice, and hear and consider all complaints and allegations of every person so applying for redress, and shall order such corrections of the listing, valuation or description of any property described in such tax lists, as such common council shall deem just and equitable. Such corrections shall be ordered by resolution, to be passed by the affirmative vote of a majority of the members of said common council present and voting thereon; and such corrections, when so ordered, shall be immediately made in said tax lists by the clerk of said city, in pursuance of such resolution of the common council. Said common council shall, if necessary, adjourn from time to time until all applications for redress shall have been heard and decided, and shall, after all corrections ordered by them have been made in such tax lists, by a resolution to be passed as aforesaid, approve said tax list.

Sec. 4. When said tax lists shall have been approved by the common council of said city, the clerk of said city shall apportion in each of said tax lists, the amount of all state, county and city taxes required by law to be assessed, levied and collected in said city in the year for which such tax list is made out, with interest on said amount from the first day of January, in the year next following that for which such tax list is made out, to the third Monday in May, 1862, on all the property described in such tax list, and shall set opposite to each lot and parcel of land and other item of property in such tax list, in separate columns, the amount of said state, county and city taxes, and interest as aforesaid, properly chargeable thereon, computing the amount of said state, county and city taxes, and interest as aforesaid, *pro rata* upon the value of all property in the tax list for the year for which the same is made out, so that the whole amount of taxes so apportioned and set down in each tax list, shall be equal to the amount of the annual state, county and city taxes required by law to be assessed, levied and collected in said city in the year for which such tax list is made out, with interest thereon as aforesaid, adding thereto, for the expenses of collection in each of the said tax lists for the years 1854 and 1855, five per centum, and in said lists for each of the years 1856 and 1857, five per centum on the amount of the state and county taxes in each of the said last mentioned lists, and one half of one per centum for the amount of the city taxes in each of the last mentioned lists, in separate columns prepared for that purpose in such lists.

Sec. 5. As soon as said clerk has apportioned said taxes, he shall, on or before the second Monday in April, 1862, make out a copy of each of said tax list; and the common council of said city shall cause to be made out and annexed to each of said copies of said tax lists, a warrant directed to the treasurer of said city, which warrant shall command the said treasurer to collect from each of the persons and corporations named in the annexed tax list, and of the owners of the lots and parcels of land therein described, the taxes set down in said tax list opposite to their respective names, and to the severeal lots and parcels of land therein described; and in case any person or corporation upon whom any such tax is imposed, shall refuse or neglect to pay the same, he shall levy and collect the same by distress and sale of the goods and chattels of the person or corporation so taxed; and the moneys so to be collected, after deducting his fees, he shall pay into the treasury of said city of Janesville; such warrant to be signed by the mayor and clerk of said city, and sealed with the official seal thereof; and the clerk of said city shall, on or before the third Monday in April, 1862, deliver to said treasurer each of said copies of said tax lists, with such warrant thereto annexed.

Sec. 6. Within five days after the receipt of said copies of said tax lists, with such warrants thereto annexed, the said city treasurer shall give public notice in a daily newspaper, (if there be a daily paper published therein, if not, then in a weekly newspaper,) published in said city, the tax lists containing the reassessment of taxes in said city of Janesville, for the years 1854, 1855, 1856 and 1857, respectively, have been committed to him for the collection of said taxes, and that the said treasurer will receive payment of the taxes in said lists, at his office in said city, until the third Monday in May, 1862.

Sec. 7. The said city treasurer shall receive the taxes on any portion of any lot or parcel of land, or on any undivided share or interest therein, which the person paying the tax will clearly define, and shall only sell the residue or remaining interest in such lot or parcel of land, if the taxes thereon remains unpaid.

Sec. 8. On all taxes paid to said treasurer, on or before said third Monday in May, 1862, the said treasurer shall remit to the person paying the same, four-fifths of the siad five per centum set down in said tax list as his fees for collecting such taxes so paid.

Sec. 9. If any portion of the taxes upon any property mentioned in said tax lists, or any of them, has been paid, or any payment made to the city treasurer on account thereof, for either of the said years 1854, 1855, 1856 and 1857, the amount so paid, together with interest thereon from the time of such payment to the said third Monday in May, 1862, shall be applied by the said city treasurer as a payment or part payment, as the case may be, of the taxes levied and assessed upon such property, pursuant to this act, for the year upon the account of which such payment was made; and the said treasurer shall, in like manner, receive any certificate heretofore issued by the treasurer of Rock county, upon the sale of any such property for the non-payment of the said state, county and city taxes, for either of the said years 1854, 1855, 1856 and 1857, in payment or part payment, as the case may be, of the taxes assessed and levied upon such property pursuant to this act, for the year on account of the taxes of which said property was sold and such certificate issued, and shall allow to the holder thereof the amount for which such property was sold, as specified in such certificate, and interest thereon from the date of such certificate to said third Monday in May, 1862, at the rate of seven per centum per annum; and in case there shall be any outstanding certificate of sale heretofore issued, of any lot or parcel of land for the non-payment of the state, county and city taxes thereon, for either of said years 1854, 1855, 1856 and 1857, and the taxes on such lot or parcel of land, assessed and levied pursuant to this act, shall be paid to the city treasurer, the holder of any such outstanding certificate shall be entitled to receive from said treasurer the amount specified in such certificate for which such lot or parcel of land was sold, and interest thereon from the date of such certificate to the time such last mentioned taxes were paid.

Sec. 10. In case any person shall refuse or neglect to pay the taxes imposed on him in said tax list, or any of them, the said city treasurer shall levy the same by distress and sale of any goods and chattels belonging to such person, wherever the same may be found in the county of Rock, and shall give at least five days notice of the time and place of sale of any property seized for the non-payment of any such taxes, by posting up not less than three notices thereof, in as many public places in said city. Said treasurer shall be entitled to the same fees for seizing and selling any such property as constables are for like services, and shall retain from the proceeds of such sales, the amount of taxes and charges and interest, for the non-payment of which such property is sold, and the costs and expenses of such seizure and sale, and pay the surplus, if any, to the owner of such property, on demand.

Sec. 11. If, on the second Monday in June, 1862, any of the taxes on any lot or parcel of land described in the said tax lists, or either of them, shall remain unpaid or uncollected, the said treasurer shall make out a separate and complete list of all such lots and parcels of land on which the taxes have not been paid or collected, for each of said years, 1854, 1855, 1856 and 1857, specifying in such lists each lot and parcel of land, the name of the person to whom assessed, if to any, and the amount of taxes and charges due thereon, with interest on the same, at the rate of twenty-five per centum per annum, from the first Monday in April, 1862, to the time of sale hereinafter mentioned. Such list shall be made in a book to be provided by said treasurer for that purpose, and after such lists are completed the said treasurer shall add to each list a certificate signed by him, substantially in the following form, viz:

I, —— ——, treasurer of the city of Janesville, do certify, that the foregoing is a correct list of all lots and parcels of land on which the taxes, interest and charges due for the year 185–, remain unpaid and uncollected, and that the sum set opposite each lot and parcel of land thereof, is the amount of taxes, charges and interest due and unpaid thereon for the year aforesaid, to the second Monday in July, 1862.

"In testimony whereof, I have hereunto set my official signature this —— day of ——, 1862. ——,

Treasurer of the city of Janesville."

Sec. 12. The said treasurer shall, after the said lists are completed, and on or before the third Monday of June, 1862, cause to be published in a daily newspaper, (if there be one published in said city, if not, then in a weekly newspaper,) published in said city, once a week for three successive weeks, a list for each of said years 1854, 1855, 1856 and 1857, of all lands described in the lists in his office, on which the taxes, charges and interest, or any part thereof, remain unpaid and uncollected for each of said years respectively, specifying in said lists to be published, the names of the persons to whom each lot and parcel of land is assessed, if any, and the amount of taxes, charges and interest thereon as aforesaid, due on each lot and parcel of land, and the year for which such taxes remain unpaid; together with a notice that so much of each lot and parcel of land described in said lists as may be necessary for that purpose, will, on the third Monday of July, 1862, be sold by such treasurer, at public auction, at the office of such treasurer, in the said city of Janesville, for the payment of the taxes, charges and interest, specified in such lists, due thereon.

Sec. 13. The publisher of the newspaper in which such lists and notices are published, shall, immediately after the last publication thereof, deliver to the said city treasurer an affidavit of such publication, made by some person connected with the publishing of the newspaper in which said lists and notices are published, to whom the fact of publication is known, which affidavit shall be filed and preserved in the office of said treasurer.

Sec. 14. On the day designated in the notice of sale, the said city treasurer shall commence the sale of such lands on which the taxes, charges and interests shall not have been paid, and shall continue the same from day to day (Sundays excepted,) until so much of each lot and parcel thereof shall be sold as shall be sufficient to pay the taxes, interest and charges thereon; and all moneys received on such sale shall be paid into the city treasury.

Sec. 15. The person at such sale offering to pay the taxes, charges and interest on any lot or parcel of land for the least quantity thereof, shall be the purchaser of such quantity; which shall be designated and described by such person, at the time he offers to pay the taxes, charges and interest therefor; and in case no bid shall be made for the payment of the taxes, charges and interest on any lot or parcel of land, for a portion thereof, then the whole of said lot or parcel shall be sold.

Sec. 16. The said treasurer may, in his discretion, require immediate payment of every person to whom any lot or parcel of such land shall be struck off; and in all cases where papment is not made in twenty-four hours after the bid, said treasurer shall declare said bid cancelled, [canceled,] and sell the lands again; and any person so neglecting or refusing to make payment, shall not be entitled to have any bid made by him thereafter, received by said treasurer during such sale.

Sec. 17. If any parcel of land cannot be sold for the amount of taxes, charges and interest thereon, the said treasurer shall bid off the same for said city, for such amount.

Sec. 18. When any land is offered for sale as aforesaid, it shall not be necessary to sell the same as the property of any particular person, and if it is assessed to, or should be sold as the property of any such person, no misnomer of the owner, or supposed owner, or any other mistake or error respecting the ownership of such land, shall ever affect the sale, or render it void or voidable.

Sec. 19. The said treasurer shall give to each purchaser on the payment of his bid or bids, and if the same shall be struck off to said city, then to said city a certificate in writing, dated the day of the sale, describing the lands purchased, and the amount for which the same was sold, and the time when the purchaser will be entitled to a deed thereof, which certificate shall be assignable by the endorsement of the name of the person named as the purchaser thereon, on the back thereof; and any person's interest in such certificate, so endorsed, shall pass by a delivery thereof, and the certificates issued by the said city shall be assignable by the endorsement of the clerk of the city thereon and delivering thereof; and any person who shall pay to the said city treasurer the amount for which the land described in said certificate was sold, as stated therein, with interest thereon, at the rate of twenty-five per centum per annum, from the date thereof to the time of such payment, shall be entitled to have such certificate, duly endorsed by said city clerk, delivered to him; and all such certificates shall have the same force and effect in the hands of the assignee thereof, as while owned by the purchaser at the sale.

Sec. 20. The said city treasurer shall, immediately after such sale, deposit in the office of the clerk of said city, a statement containing a particular discription of each parcel of land sold, specifying the name of the person to whom sold, and the amount for which the same was sold, and the said clerk shall record such statement in a book to be kept in his office for that purpose; and the said treasurer shall also make out and deliver to said clerk, all certificates of sales of lands bid off by said treasurer: and any person desiring to purchase any such certificates, shall pay to the treasurer the amount thereof, with interest as aforesaid, and on presenting the treasurer's receipt therefor, said clerk shall endorse such certificates, and deliver the same to such person and shall fill [file] the treasurer's receipt in his office.

Sec. 21. The owner or occupant of any lands sold for taxes by virtue of this act, or any other person, may, at any time within three months from the date of the certificate of sale thereof, redeem the same, or any part thereof or interest therein, by paying to the clerk of said city, for the use of the purchaser, his personal representatives or assigns, the amount for which such land was sold, and all subsequent charges thereon authorized by the provisions of this act, or such proportion thereof as the part or interest redeemed shall amount to, with interest on the amount of purchase money, at the rate of twenty-five per centum per annum, from the date of such certificate to the time of redemption; and any such person may, in like manner, redeem the same at any time before the tax deed executed upon such sale is recorded, and when so redeemed, such tax deed shall be void.

Sec. 22. The lands of minors, or any interest they may have in lands sold for taxes by virtue of this act, may be redeemed at any time before such minor becomes of age, and during the term of three months thereafter; and the lands of idiots and insane persons so sold, or any interest they may have in the same, may be redeemed at any time within two years after such sale, and such redemption shall be made in the same manner as in the last preceding section.

Sec. 23. The clerk of said city shall receive, in redemption of lands sold by virtue of this act, any outstanding certificate of sale heretofore issued by the treasurer of Rock county, on the sale of the same land for the non-payment of the taxes thereon for either of the years for which the tax lists mentioned in this act, are made out; and said clerk shall also receive any such outstanding certificate in payment for any certificate of sale of lands bid off by said city at the sale to be held by virtue of this act, for the amount specified in such outstanding certificate executed by the county treasurer, with interest thereon] at the rate of seven per centum per annum, from the date of such certificate to the time of such redemption or purchase; and in case of the redemption of any lands sold in pursuance of this act, by delivery to said city clerk of such outstanding certificates as aforesaid, the treasurer of said city shall, on presentation of the certificate of sale of the same lands for the same year, issued in pursuance of this act, pay to the holder thereof the amount for which the land therein described sold, as stated therein, with interest thereon from the date thereof to the time of such redemption, at the rate of twenty-five per centum per annum.

Sec. 24. Upon the redemption of any lands sold for taxes by virtue of this act, said city clerk shall execute to the person so redeeming, a certificate specifying therein the name of the purchaser, the land redeemed, and the amount of the redemption money paid; and such clerk shall also enter on the sale list kept by him, the name of the person redeeming, the amount paid, and the time of redemption. Said certificate shall also be presented to the city treasurer, and countersigned by him, and shall then be evidence, in all courts, that the lands therein described have been redeemed from the sale for the year therein specified.

Sec. 25. If any land sold for taxes by virtue of this act, shall not be redeemed as provided in this act, the clerk of said city shall, after the expiration of the term of three months from the time of such sale, on the presentation to him of the certificate of sale, execute a deed of the land so remaining unredeemed, to the purchaser, his heirs or assigns, which deed shall be substantially in the following form, viz:

"Whereas, —— has deposited in my office a certificate executed by the treasurer of the city of Janeswille, whereby it appears that the said —— (or in case of assignment, A. B., of whom the said —— is assignee,) did purchase the following lands, viz: (here describe the lands,) at a tax sale held by said treasurer, on the —— day of —— 1862, for the sum of $——, being then due on said land for taxes, interest and charges for the year 185–; and whereas, said land is now unredeemed from such sale: Now, therefore, know all men by these presents, that in consideration of the said sum of $——, and of the premises, the said above described lands are hereby granted and conveyed unto the said ——, with all the hereditaments and appurtenances thereunto belonging, and to his heirs and assigns, to their sole use and benefit forever.

"In witness whereof, I have hereunto set my hand and the official seal of said city, this —— day of ——, 1862.

"——, Clerk of the City of Janesville."

Such deed shall be signed by the clerk, and shall have affixed thereto the official seal of said city, and shall be acknowledged by said clerk, so as to entitle the same to record; and such deed, when so executed and recorded in the office of the register of deeds for Rock county, shall be conclusive evidence, in all courts, that the taxes for the non-payment of which the lands therein described were sold, were valid, and were legally assessed on said lands; that all proceedings, from the valuation of the land up to and including the execution of such deed, were regular and valid; and shall also be conclusive evidence of the performance of all conditions precedent, which might in any way affect the validity of said deed, or of the title intended to be conveyed thereby, and shall be sufficient and effectual to vest a title in fee simple in the grantee named therein, in and to the lands described in said deed, except that said deed shall be only *prima facie* evidence of the non-payment of the taxes, interest and charges for which the lands therein [described] were sold, and of the non-redemption of said lands after sale thereof and before the recording of said deed.

Sec. 26. The said clerk of said city shall execute a deed or deeds, in like manner, to said city, of all lands described in the certificates of sales issued to said city in said tax sale, which shall not have been sold and assigned by said city prior to the expiration of the time of redemption as aforesaid, and title to the lands therein described shall vest in said city, in like manner and with the same effect as when executed to natural persons; and said city is hereby authorized and empowered to take and hold title to all lands which may be conveyed to it in pursuance of this act, and to sell and convey the same, in the same manner [and] with the same effect that the said city is now authorized to sell and convey any lands it may own.

Sec. 27. No injunction, order or other process or order, shall be allowed or issued by any court or judge, or commissioner in this state, to enjoin or restrain the sale of any lands in the said city of Janesville, for taxes, or to enjoin or restrain the execution or recording of any deed executed in pursuance of said sales, or to enjoin, restrain or interfere with any proceedings taken, or attempted or threatened to be taken, for the collection of the taxes authorized to be collected by the provisions of this act; and no action nor proceedings shall be commenced in any court of this state, for the purpose of setting aside the taxes on any lands situated in the city of Janesville, or to invalidate or set aside any certificate of sale of lands in said city for taxes, or any tax deed conveying any lands in said city, or for the purpose of recovering the possession of land in (*in*) said city, held under a tax deed, unless the person commencing such action or proceedings shall first pay to the treasurer of said city the amount of all taxes remaining unpaid thereon, whether such taxes have been regularly assessed or not; and the person commencing such action or proceedings shall allege in his complaint or papers, either that all taxes on such lands have been paid within the time required by law for the payment thereof, or, if payment is made by virtue of this section, shall allege the amount which has been paid to the city treasurer, to enable such person to commence such action or proceedings, the time of payment, and the year for which such payment is made; and if it shall appear upon the trial or hearing of such action or proceedings, that the amount so paid is not the full amount of taxes justly chargeable upon such lands, such action or proceedings shall be dismissed, and costs taxed against the plaintiff therein.

Sec. 28. As between grantor and grantee of any lands affected by this act, and as between any other person interested in such lands, their rights, liabilities, obligations and equities shall remain the same as though this act had not been passed, and the taxes or assessments for each of the years mentioned herein, had been legally levied and collected, or the lands sold for the payment thereof, in each year, under the laws existing at the time said taxes or assessments shall have been levied.

Sec. 29. The treasurer of said city shall keep all necessary accounts under existing laws to carry out the objects of this act; and the city council shall have power to allow any city officer a reasonable compensation for any services which he may perform by virtue of this act, over and above the amounted allowed him for the performance of the ordinary duties of his office, which extra compensation shall be paid out of the city treasury; and said city treasurer shall on the payment to him of any tax, give a receipt for the same, describing the lands or specifying the amount of personal property upon which the same is paid, and shall notice in his tax roll the payment thereof.

Sec. 30. In addition to the fees heretofore specifically allowed in this act, the following shall be allowed: To the city clerk, for every deed of land sold for taxes, seventy-five cents; for each additional parcel of land described therein after the first, five cents; to the person taking and certifying the acknowledgment of the same, twenty-five cents; to the city treasurer, for duplicate receipts given in the payment of taxes, ten cents; for each additional parcel of land described therein after the first, five cents; to the clerk of said city, for countersigning any receipt, ten cents. The clerk and treasurer in giving deeds and receipts, shall include therein as many parcels of land bid off or owned by any person, as such person may desire, and the above fees shall be paid by such person. To the publisher of the paper who shall publish the notices of sale and tax lists, in pursuance of this act, twenty cents for each lot or parcel of land; twenty-five cents for all insertions. The fees of publication and all costs, charges and interest imposed by the provisions of this act, shall be a lien until paid, equally with the unpaid taxes.

Sec. 31. This act shall be so construed as to include all taxes included in the assessment rolls for each of the years herein mentioned, and no tax assessed in accordance with the provisions of this act, shall be deemed void or voidable in consequence of any irregularity attending the proceedings authorized by this act; and no action shall be maintained to recover of said city, or any officer thereof, any money heretofore paid to said city on account of any state, county, city, ward or special tax or assessment for either of the years mentioned in this act, or on account of or for any such outstanding certificate of sale, issued by said city, for the nonpayment of any such tax or assessment.

Sec. 32. This act shall be published immediately, and shall be in force from and after its passage and publication; and all acts and parts of acts contravening the provisions of this act are hereby repealed.

Approved February 21, 1862.

The Statement of the School Land Commissioners.

The recent statement of the school land commissioners, in reply to Mr. Sanborn's resolution, contains a large amount of valuable statistics with referrence to the lands and funds under their control.

The number of acres of school lands originally set apart to the state was 1,395,046.37; university lands, 93,607.31; swamp lands, 1,667,813.58. Number of acres sold and patented of school lands, 165,383.40; university lands, 11,093.81; swamp lands, 253,166.72. Number of acres of school lands contracted, 680,884.45; university lands, 42,715.44; swamp lands, 254,266.08. Number of acres of school lands on hand, 548,778.52; university lands, 39,798.06; swamp lands, 1,160,380.78. Amount due for school lands on contract, $1,262,739.55; for university lands, $189,527.72; for swamp lands, $316,194.87.

The number of school loans made out of the school fund since the organization of the state government is as follows:

Total number of loans, 3,098

The record of loans from the school fund past due and forfeited, is the most instructive. The aggregate amount of these is $166,217 22. In some instances the securities given may ultimately reimburse the fund; in others they are nearly worthless; in a great majority of cases they have depreciated so as to be insufficient, while the whole amount becomes non-productive and the income which should be derived from it is lost to the children of the state.

No stronger argument could be made against the present system of loaning the fund than these facts present. With the utmost care and the most honest administration, losses will occur. There is, moreover, the constant liability to corruption and political favoritism in the use of the fund. The state wants to borrow money. The school fund wants to loan on good security. There can be no security so good as our own state bonds. The people will never refuse to pay the interest, especially when that interest comes directly back to them for the education of their children.

The Naples correspondent of the London Times, writing on the 28th of January, states that the Italian government has given orders to its officers to sink the Sumter if met with in the waters of the Mediterranean, in case of a refusal to give herself up. On the 21st of January the Sumter was in the Bay of Gibraltar and had no means to buy an outfit. When at Cadiz she could pay for but thirty tons of coal. With all the damage she has done, she has not paid expenses.

☞ A commission has been issued to Major Henry Orff as lieutenant colonel of the 9th regiment, vice Winesberg resigned.

Pardoned.—J. Spencer Lamphier, sentenced five years to the state prison, from Dodge county, has been pardoned on account of ill health, and provided he leaves the state.

Home Manufactures Successful.

After encountering many difficulties, submitting to many unavoidable delays and expenses (always incident to beginners) we have overcome all obstacles and succeeded in producing an article which we are not ashamed to own as one of home manufacture. Many have the impression that an article is better because it is made in Ohio, and which has to be paid for in Ohio. Of all such we, we would ask an examination of the Jessup Grain Drill made in this city. Without claiming for it any *superiority* in workmanship over foreign made, we are willing and anxious to have an examination of its qualities and peculiarities. We have been for the last week testing one of the drills, and we are more than satisfied with the accuracy with which it distributes the grain. It is safe to assert as a fact, that it is *perfectly acurate* in the distribution of grain, whether it is wheat, rye, oats, barley, corn, peas or beans, or any grain grown in this climate. The teeth are set double rank, and it can be used as a broadcast sower, with as much satisfaction as any machine yet introduced in this market.

The advantages of a home made machine should be apparent to every one. Should repairs need to be made, or improvements attached, it can be done much more readily where made than elsewhere. This county has paid thousands of dollars *every year* since its organization to the *eastern states* for agricultural implements.—This should not be. Yet these implements are indispensably necessary. No farmer is able to do business without them. What could a farmer do without a plow? Why not make our own plows? What could a farmer do without a waggon? Why should we not make every waggon in use here? No farmer should do without a grain drill. Why pay tribute to Ohio or New York for everything we use? The Jessup Grain Drill, made by R. J. Richardson, are now on exhibition at the Rock River works, on the Triangle and at Richardson's hardware store. Please go and see them, but don't buy one, nor encourage their manufacture unless you think they are worthy of your patronage.

fe25daw2d THE MANUFACTURER.

The Difference Between Broadcasting and Drilling Grain.

But few farmers are aware of the advantage of Drilling, over Broadcasting. Let us compare the cost of labor on one hundred acres. In the first place the grain is to be sown by hand, which must be done when the wind don't blow a gale. To sow 100 acres of wheat will require one to travel about 75 miles and carry an average weight of 25 pounds; it is necessary to go over the ground *at least* twice after sowing. To do this it will require a man with team and harrow (6 feet wide) to travel about 260 miles, which added to the 75 miles for sowing, makes 335 miles, total for broadcast.

Now let us see what the Jessup Drill, as manufactured by R. J. Richardson, will do. (The ground is supposed to be the same as when broadcasted.) A ten tooth drill is just 6 feet wide, (the same as a harrow,) the wheels are 47 inches in diameter and revolve 575 times, and go one mile and about 107 rods to drill one acre. At this rate (which is correct) it will finish the 100 acres in going 134 miles, and the wind may blow as much of a gale as it pleases. A saving of 201 miles travel. One and a half bushels of drilled grain is equal to two broadcasted, a saving of 50 bushels on 100 acres. Two hundred and one miles of travel and 50 bushels wheat is worth $50. Richardson will sell a ten tooth drill for $75. The saving of two years use will pay for the drill and the taxes on 100 acres.

Call at Richardson's and look at the Drill now on exhibition. fe21dawld

Jessups' Grain Drill.

An eight tooth grain drill, as made by Richardson, drills 4 feet 10 inches wide. The wheels revolve 718 times in going one mile and 214 rods, which finishes one acre of land.

A nine tooth drills 5 feet 5 inches wide. The wheels revolve 647 times in going 1½ miles, which finishes one acre.

A ten tooth drills 6 feet wide. The wheels revolve 575 times in going 1 mile and 107 rods, which finishes one acre.

An eleven tooth drills 6 feet 7¼ inches. The wheels revolve 518 times in going one mile and 65 rods, which finishes one acre.

A twelve tooth drills 7 feet 2 inches. Wheels revolve 471 times in going one mile and 30 rods, which finishes an acre.

The price of an 8 tooth is $65, 9 tooth $70, 10 tooth $75, 11 tooth $80, 12 tooth $85, delivered in Janesville without any charges for freight, or advance money.

From Memphis.

The Memphis Avalanche of the 25th inst., says:

"There is a very great demand now for men to take charge of some batteries of heavy artillery at Columbus. This arm of the service is more important at this juncture for *the defence of Columbus and Memphis* than any other, and yet men are greatly needed to take charge of some batteries at Columbus. We learn that letters have been received by some of our citizens from Capt. Humes, Lieut. McDowell, and others, at Columbus, urging upon the citizens of Memphis the absolute necessity of enlisting men immediately, to take command of some heavy artillery at Columbus. A project is on foot by some of our wealthy citizens to raise a fund of $10,000, with which to pay each of two hundred men fifty dollars bounty money who will enlist forthwith for this service."

This does not look as if Gen. Polk had gone to Island No. 10.

The Avalanche says that Nashville had been abandoned for a week past, and the people have been fleeing to the country and to Memphis. It says further that the cars have ceased running to Nashville from other points in the south.

It also says that "Gen. Sam Houston, of Texas, is not dead, but worth a dozen dead men. The Galveston Civilian, of January 27th, contains a patriotic letter from him. He has had a long sickness, but hopes to be able yet to take part in the fight."

The Tennessee legislature had been called to meet at Memphis, but no quorum was present on the day of meeting, and the members present were adjourning from day to day.

Memphis was full of strangers from all parts of the state, and business was very brisk during business hours, which were limited by the organization of the male population into military companies, and the devotion of a part of the day to drilling. The magistrates have agreed to suspend business for thirty days, to join the military drills.

Correspondence of the Daily Gazette.

From the Thirteenth Regiment.

LEAVENWORTH, Ka., Feb. 25.

EDITORS GAZETTE:—Last night's mail brings news of the arrival of the 13th regiment W. V., at Fort Scott. The march has been long and tedious. The distance marched was about 130 miles. The regiment remained at Ossawattamie four days on the bank of the river. As it would be necessary that we should have hard bread and bacon as soon as the march was resumed, it was deemed expedient in lieu of this to issue fresh beef and corn meal, which could be readily obtained in the vicinity. During the time that we remained in that place, johnny cake and fresh beef comprised the bill of fare. Some complained of this, but the majority were well pleased with the change. The battle ground, a short distance from Ossawatamie, where John Brown became famous, received its full share of attention from the men of the 13th. Frederick, son of John Brown, and four comrades lie buried on the battle field. A red picket fence surrounds the grave.

On Monday, Feb. 17, the regiment again took up the line of march, the left wing going to Stanton, about four miles up the river, and crossing on the ice—the baggage train going to Peora, about eight miles further, and crossing on a bridge. Here Col. Maloney, and Captains Ruger, Woodman, Hewett and Norcross left the regiment and returned to Leavenworth, for the purpose of attending a court martial, in accordance to an order issued by Gen. Hunter. The regiment proceeded under the command of Lieut. Col. Chapman.

Whether the rest of the march was pleasant or not I am unable to say; but I do know that the five who returned to Leavenworth, did not think there was much fun in riding for two days without any dinner, in a lumber wagon, over a cold, bleak prairie. The business of the court martial is rather monotonous, yet I think that justice is much more apt to be secured to all concerned than in civil courts. In the court martial there is no puttifogging, no bickering. Everything moves along smoothly and quietly.

Dr. Lord arrived here last Saturday night with his sick and recruits. All of us were glad to see them. A man directly from Janesville is a man to be appreciated by the 13th. The way he will get questioned should be a caution to those who do not like to talk. The Doctor will proceed to Fort Scott to-morrow.

The 9th and 12th Wisconsin regiments, and 2d Ohio cavalry were reviewed by Col. Doubleday of the 2d Ohio cavalry, on the 22d of February. The 9th came out in new U. S. uniforms. The band of the 12th is getting very popular in this town. By request of a large number of citizens, it will give a concert on the evening of the 27th. The first night the 12th staid in town, they drank and wasted about 1,500 gallons of beer from one brewery. This got them into disrepute, but their good conduct since then has regained them a good name. When the 13th left for Fort Scott, all the sick were put into the general hospital at this place. The following are the names of those who have died—B. Schemerhorn, C. H. Corey, S. Rice, all of company C, and Corporal M. L. Bently of company A. They have been buried at Fort Leavenworth. —P. —

To-Day's Report.

[Reported Exclusively for the Daily Gazette.]

MORNING DESPATCHES.

CHARLESTOWN, Va., March 2.

The main body of Gen. Banks' division rests in the vicinity of Charlestown. No disaster or accident has occurred since the concentration of and departure from Sandy Hook to cause any anxiety to the friends at home. Three inches of snow fell to day.

The hitherto rancorous secessionists now pay marked respect to the federal uniform, and the citizens who have been compelled to succumb to rebel force are elated with the prospect of the future. It is gratifying to perceive that the country through which the army marched bears marks of the usual agricultural industry. It is apparent that the future cereal crops of this prolific region have not been neglected. As may be supposed, town and country are destitute of imported articles of consumption. There is no lack of bread, meat and coarse cloths.

Hundreds of contrabands are hourly seeking refuge within our lines, but they are allowed to roam at large without espionage or care; in fact, but little notice is taken of them, except to prevent their returning beyond our post.

The general reports from Winchester are conflicting, and but little reliance can be be placed upon them, coming as they do from refugees and contrabands. The military commanders are undoubtedly better informed than the public, and are consequently prepared for any emergency which may arise.

Considerable flour, accredited to the secession army was seized, but private property has been strictly respected. Martinsburg has been occupied by Union troops.

HALIFAX, March 2.

Commercial per Arabia, from Liverpool, Saturday:

Breadstuffs generally steady. Various circulars report flour steady, wheat steady; red western 10s10da11s. Corn downward tendency. Provisions downward tendency. Beef steady. Pork declined 2s6d. Lard still declining and quoted at 31a33. Sugar and coffee steady.

London markets—Breadstuffs dull. Coffee quiet and steady.

Latest commercial.—Liverpool, Sunday, by telegraph to Queenstown—Breadstuffs unchanged in price and steady. Transactions light. Provisions quiet.

London, Sunday—American stocks: Erie shares 28¾a29¼.

WASHINGTON, March 2.

Tribune correspondence—The house judiciary committee will, to-morrow, report favorably on the senate bill making the final awards of the commission appointed to audit claims against the government, incurred in the western department.

The president will nominate as Major Generals, Brigadier Generals Smith, McClernand and Wallace, who commanded divisions at the battle of Fort Donelson; and as Brigadier Generals, the Colonels commanding brigades there. Their subordinates will also receive proper promotions.

The President, through the Secretary of War, will, in his order of the day accompanying the announcement of these deserved rewards of valor, strive to pay the best tribute to every man, high or low, in the ranks, who contributed to the glorious result. Flag Officer Foote and his brave sailors will doubtless not be forgotten.

WASHINGTON, March 2.

World's dispatch.—The policy of the government is energetically directed toward supporting the attitude of resistance to the rebel authority, where evidence is afforded that a truly loyal feeling exists, which, although for some time overpowered and silenced, is now ready to avail itself of the presence of the United States forces for its manifestation, in meeting the army in battle.

Times' dispatch.—Gen. Buell telegraphed to Gen. McClellan, last night, that the rebels have abandoned Murfreesboro, and are in full retreat towards the Tennessee river. Crossing this river will place them in Alabama, and free middle Tennessee of every armed rebel force. In as much as the enemy retreat along a railroad line, tearing up the rails as they pass, it will be difficult for Gen. Buell to catch them. It is announced that the Tennessee and Cumberland rivers will be opened this week, to free and unrestricted commerce, under the order of the secretary of the treasury.

AFTERNOON DESPATCHES.

WASHINGTON, March 3.

The secretary of the navy received a letter, to-day, dated Cairo, February 27th, from Flag Officer Foote, who says:—"I have the honor to forward a communication from Lieut. Commanding Bryant, the substance of which I have just telegraphed. The captain of the steamer who brings the despatch says that six miles below Nashville there was a battery, which mounted 15 guns, but several of them were thrown into the river before the Cairo arrived. He also reports that a strong Union feeling was manifested, that Gov. Harris after vainly attempting to rally the citizens and others, left on Sunday morning for Memphis. He also states that the gunboats were welcomed by the people at Nashville and at other points on the Cumberland river, and that on hearing of my arrival, supposing the gunboats would proceed immediately to Nashville, the enemy retreated panic stricken. The unusually high water enabling the boats to ascend the river, is providential. The following is an enclosure in Flag Officer Foote's letter:

NASHVILLE, Feb. 25.

To Flag-Officer A. H. Foote, Commanding, &c.:—

SIR: Uncertain that my letter of the 23d inst., reached you, I repeat that I departed from Clarksville for this point, by the request of Brig. Gen. Smith, commanding at Clarksville, and arrived here this morning, preceded by seven steamboats conveying an army commanded by Brig. Gen. Nelson. The troops landed without opposition. The banks of the river are free from hostile forces. The railroad and suspension bridges here are all destroyed. Very respectfully,

A. C. BRYANT,
Lieutenant Commanding.

LOUISVILLE, March 3.

Railroad communication between here and Nashville, except over a creek, ten miles north of Nashville, damaged by rising water on Saturday, will be resumed to-morrow night. The election at Nashville on Saturday, for municipal officers, passed off quietly. The retiring mayor issued a proclamation assuring the citizens of protection by the federal troops, if they pursued their accustomed avocations. Several rebel prisoners have been brought to Nashville, and twenty-five negroes seized by the rebels in the vicinity of Bowling Green, have been recovered at Nashville and sent back. Mail communication is established to Bowling Green, and for military letters to Nashville. Col. J. G. Miller, government mail agent, for Kentucky, is making energetic exertions to extend mail facilities to every part of Kentucky.

FORT MONROE, March 2.

The steamer Express left Old Point, yesterday morning, for James river, to receive the Union prisoners who were expected on Friday. They were not met, however, according to appointment. She accordingly came back about 3 P. M., yesterday. The rebel steamer Jamestown, which, with the Yorktown, is stationed at Hog Island, steamed down to the Express with a flag of truce, to ascertain the cause of her appearance in the river on two successive days. She stopped abreast of the Express at a few rods distance, and lowered a boat with a lieutenant on board to communicate. He was informed of the errand of the Express, that she was acting under information furnished by Gen. Huger, when he explained that his commander had no knowledge of any expected prisoners of war, and seeing the Express two days in succession, came down to see. He was satisfied and returned to the Jamestown, which returned to her station. She has a gun at her bow and another at her stern, and has a sharp iron cut water, projecting some three feet from her bow at the water line. She is supposed to be commanded by Capt. Barny.

Having been twice disappointed in relation to the expected prisoners, it is not known when they will be sent down the river. It is uncertain whether Col. Corcoran will be among the number. Another interview took place, yesterday, off Craney Island, between Gen. Wool and Howell Cobb, in reference to a general exchange of prisoners.

We hear, via Norfolk, that the steamer Nashville arrived at Wilmington, N. C., having run the blockade at that place.

A quantity of telegraphic cable has arrived here for the completion of the line across the bay. There is satisfactory authority for stating that a newspaper announcement in yesterday's Mercury that Gen. Hooker's division had crossed the lower Potomac is entirely false.

The Markets.

NEW YORK, March 1.

Flour receipts 16,260 bbls; market dull and drooping; sales 600 bbls at 5,40a5,50 super state; 5,60a5,70 extra state; 5,40a 5,50 super western; 5,60a5,85 common to midium extra western. Wheat receipts 7,900 bushels; market dull and nominally lower; sales unimportant.

The report that Secretary Stanton has had another attack of vertigo, was a falsehood coined in the mint of the New York Herald. His health has been excellent of late.

Col. James A. Mulligan has been ordered to take command of Camp Douglas, in place of Col. Tucker.

Robert Johnson, a son of Senator Johnson, of Tennessee, has escaped from the rebels and reached the Union camp at Flat Lick Ford, last week.

☞ Congress has authorized the issue of army certificates of indebtness, and it is thought the amount will reach thirty millions.

Great demonstrations have taken place at Genoa and Milan, in favor of Victor Emanuel as King of Italy, with the capital at Rome. The Pope is acknowledged the head of the church, but should not exercise temporal authority.

Public Schools.

The public schools of the city will be re-opened on Monday the 10th instant. The teachers now in the employ of the city will please hold themselves in readiness to enter upon the discharge of their duties at that time.

CERTIFICATES

as to the value of

The Jessup Seed Drill.

THE following certificates have been given by persons using the Jessup Seed Drill:

FULTON.

Mr. Sneerhill:—I take pleasure in saying that the Jessup Drill which I purchased of you last spring operates to my entire satisfaction. The draft is light, it distributes the grain very evenly and accurately, and there is no possibility of its cracking the grain. I am acquainted with the operation of many different drills and can cheerfully recommend the Jessup as a superior one. Yours, JOB ALLEN.

Mr. Sneerhill:—The Jessup Drill I purchased of you last spring operates as well as I could wish it to. I would cheerfully recommend it to any one in want of a drill. WM. SHORT.

Albion, Dane county.

Mr. Sneerhill:—I hereby certify that the Jessup Grain Drill I purchased of you last spring works in the most satisfactory manner. I think it a good and durable machine, and worthy the patronage of every good farmer. It is a saving in seed and labor.

Cookaville, Nov. 25, 1861. H. STEBBINS.

I have examined many drills and am satisfied that the Jessup is the best. I used one last spring and like it much. It is very accurate and light draft.

Bradford, Dec. 27, 1861. WALTER STONE.

Mr. Sneerhill:—We cordially assent to what Mr. Stebbins says about the Jessup Drill.

SECOND GREAT ARRIVAL

OF

Fall and Winter Goods!

AT THE

NEW AND POPULAR STORE

OF

RIORDAN & LEECH,

Main Street, Janesville.

OWING to the immense trade we have done since commencement in this city, (a trade which far exceeded our most sanguine expectations,) we have been enabled to add to our already well selected and extensive stock a still greater variety of

NEW AND DESIRABLE GOODS,

all of which have been purchased previous to the late advance, thereby giving us the advantage of merchants who have been obliged to pay a far higher rate for goods purchased within the past week or two; we shall therefore continue to sell at prices which are sure to give satisfaction, and which have given us the character of

The Cheapest Store in Janesville,

and which we are determined to maintain during our whole business career.

We call particular attention to our extensive variety of

DRESS GOODS,

comprising the latest styles in market: beautiful figured and plain Merinoes, all colors, Ottoman Repps, Silk Poplins, double width Broches, Black and white check Valentias, Cardennas, Coburgs, &c., &c., together with an elegant assortment of

DELAINES,

of the very richest styles.

SHAWLS AND CLOAKS.

In this department we have always been able to boast of the best selection in town and have added all the

Different Styles Lately Manufactured,

thereby enabling us to offer the

HANDSOMEST LOT OF CLOAKS

to be found in any city of the west, not even excepting Chicago. Our stock of

Broche, Square and Long Shawls

are cheaper than ever before offered in this city, being the importation of Thirion Mallairé & Co. and purchased at auction at about one half their actual value.

We have on hand an elegant variety of

FURS!

consisting of Fitch, French Cooney, Mink, &c., &c., with

MUFFS TO MATCH,

and which we offer

Twenty-Five Per Cent Lower

than any other establishment in this city, a fact fully admitted by all who have purchased of us. Our Furs are entirely new and warranted free from moths.

It is unnecessary for us to enumerate our stock.

Call, Examine and Judge for Yourselves.

We feel grateful for the extensive patronage bestowed on us and hope to merit its continuation.

From Memphis.

The Memphis Avalanche of the 25th inst., says:

"There is a very great demand now for men to take charge of some batteries of heavy artillery at Columbus. This arm of the service is more important at this juncture for *the defence of Columbus and Memphis* than any other, and yet men are greatly needed to take charge of some batteries at Columbus. We learn that letters have been received by some of our citizens from Capt. Humes, Lieut. McDowell, and others, at Columbus, urging upon the citizens of Memphis the absolute necessity of enlisting men immediately, to take command of some heavy artillery at Columbus. A project is on foot by some of our wealthy citizens to raise a fund of $10,000, with which to pay each of two hundred men fifty dollars bounty money who will enlist forthwith for this service."

This does not look as if Gen. Polk had gone to Island No. 10.

The Avalanche says that Nashville had been abandoned for a week past, and the people have been fleeing to the country and to Memphis. It says further that the cars have ceased running to Nashville from other points in the south.

It also says that "Gen. Sam Houston, of Texas, is not dead, but worth a dozen dead men. The Galveston Civilian, of January 27th, contains a patriotic letter from him. He has had a long sickness, but hopes to be able yet to take part in the fight."

The Tennessee legislature had been called to meet at Memphis, but no quorum was present on the day of meeting, and the members present were adjourning from day to day.

Memphis was full of strangers from all parts of the state, and business was very brisk during business hours, which were limited by the organization of the male population into military companies, and the devotion of a part of the day to drilling. The magistrates have agreed to suspend business for thirty days, to join the military drills.

Correspondence of the Daily Gazette.

From the Thirteenth Regiment.

LEAVENWORTH, Ka., Feb. 25.

EDITORS GAZETTE:—Last night's mail brings news of the arrival of the 13th regiment W. V., at Fort Scott. The march has been long and tedious. The distance marched was about 130 miles. The regiment remained at Ossawattamie four days on the bank of the river. As it would be necessary that we should have hard bread and bacon as soon as the march was resumed, it was deemed expedient in lieu of this to issue fresh beef and corn meal, which could be readily obtained in the vicinity. During the time that we remained in that place, johnny cake and fresh beef comprised the bill of fare. Some complained of this, but the majority were well pleased with the change. The battle ground, a short distance from Ossawatamie, where John Brown became famous, received its full share of attention from the men of the 13th. Frederick, son of John Brown, and four comrades lie buried on the battle field. A red picket fence surrounds the grave.

On Monday, Feb. 17, the regiment again took up the line of march, the left wing going to Stanton, about four miles up the river, and crossing on the ice—the baggage train going to Peora, about eight miles further, and crossing on a bridge. Here Col. Maloney, and Captains Ruger, Woodman, Hewett and Norcross left the regiment and returned to Leavenworth, for the purpose of attending a court martial, in accordance to an order issued by Gen. Hunter. The regiment proceeded under the command of Lieut. Col. Chapman.

Whether the rest of the march was pleasant or not I am unable to say; but I do know that the five who returned to Leavenworth, did not think there was much fun in riding for two days without any dinner, in a lumber wagon, over a cold, bleak prairie. The business of the court martial is rather monotonous, yet I think that justice is much more apt to be secured to all concerned than in civil courts. In the court martial there is no pettifogging, no bickering. Everything moves along smoothly and quietly.

Dr. Lord arrived here last Saturday night with his sick and recruits. All of us were glad to see them. A man directly from Janesville is a man to be appreciated by the 13th. The way he will get questioned should be a caution to those who do not like to talk. The Doctor will proceed to Fort Scott to-morrow.

The 9th and 12th Wisconsin regiments, and 2d Ohio cavalry were reviewed by Col. Doubleday of the 2d Ohio cavalry, on the 22d of February. The 9th came out in new U. S. uniforms. The band of the 12th is getting very popular in this town. By request of a large number of citizens, it will give a concert on the evening of the 27th. The first night the 12th staid in town, they drank and wasted about 1,500 gallons of beer from one brewery. This got them into disrepute, but their good conduct since then has regained them a good name. When the 13th left for Fort Scott, all the sick were put into the general hospital at this place. The following are the names of those who have died—B. Schemerhorn, C. H. Corey, S. Rice, all of company C, and Corporal M. L. Bently of company A. They have been buried at Fort Leavenworth. — P. —

REPORTED FOR THE DAILY GAZETTE.

BY WISCONSIN STATE TELEGRAPH LINE.

To-Day's Report.

[Reported Exclusively for the Daily Gazette.]

MORNING DESPATCHES.

CHARLESTOWN, Va., March 2.

The main body of Gen. Banks' division rests in the vicinity of Charlestown. No disaster or accident has occurred since the concentration of and departure from Sandy Hook to cause any anxiety to the friends at home. Three inches of snow fell to day.

The hitherto rancorous secessionists now pay marked respect to the federal uniform, and the citizens who have been compelled to succumb to rebel force are elated with the prospect of the future. It is gratifying to perceive that the country through which the army marched bears marks of the usual agricultural industry. It is apparent that the future cereal crops of this prolific region have not been neglected. As may be supposed, town and country are destitute of imported articles of consumption. There is no lack of bread, meat and coarse cloths.

Hundreds of contrabands are hourly seeking refuge within our lines, but they are allowed to roam at large without espionage or care; in fact, but little notice is taken of them, except to prevent their returning beyond our post.

The general reports from Winchester are conflicting, and but little reliance can be be placed upon them, coming as they do from refugees and contrabands. The military commanders are undoubtedly better informed than the public, and are consequently prepared for any emergency which may arise.

Considerable flour, accredited to the secession army was seized, but private property has been strictly respected. Martinsburg has been occupied by Union troops.

HALIFAX, March 2.

Commercial per Arabia, from Liverpool, Saturday:

Breadstuffs generally steady. Various circulars report flour steady, wheat steady; red western 10s10da11s. Corn downward tendency. Provisions downward tendency. Beef steady. Pork declined 2s6d. Lard still declining and quoted at 31s33. Sugar and coffee steady.

London markets—Breadstuffs dull. Coffee quiet and steady.

Latest commercial—Liverpool, Sunday, by telegraph to Queenstown—Breadstuffs unchanged in price and steady. Transactions light. Provisions quiet.

London, Sunday—American stocks: Erie shares 28¼a29½.

WASHINGTON, March 2.

Tribune correspondence—The house judiciary committee will, to-morrow, report favorably on the senate bill making the final awards of the commission appointed to audit claims against the government, incurred in the western department.

The president will nominate as Major Generals, Brigadier Generals Smith, McClernand and Wallace, who commanded divisions at the battle of Fort Donelson; and as Brigadier Generals, the Colonels commanding brigades there. Their subordinates will also receive proper promotions.

The President, through the Secretary of War, will, in his order of the day accompanying the announcement of these deserved rewards of valor, strive to pay the best tribute to every man, high or low, in the ranks, who contributed to the glorious result. Flag Officer Foote and his brave sailors will doubtless not be forgotten.

WASHINGTON, March 2.

World's dispatch.—The policy of the government is energetically directed toward supporting the attitude of resistance to the rebel authority, where evidence is afforded that a truly loyal feeling exists, which, although for some time overpowered and silenced, is now ready to avail itself of the presence of the United States forces for its manifestation, in meeting the army in battle.

Times' dispatch.—Gen. Buell telegraphed to Gen. McClellan, last night, that the rebels have abandoned Murfreesboro, and are in full retreat towards the Tennessee river. Crossing this river will place them in Alabama, and free middle Tennessee of every armed rebel force. In as much as the enemy retreat along a railroad line, tearing up the rails as they pass, it will be difficult for Gen. Buell to catch them. It is announced that the Tennessee and Cumberland rivers will be opened this week, to free and unrestricted commerce, under the order of the secretary of the treasury.

AFTERNOON DESPATCHES.

WASHINGTON, March 3.

The secretary of the navy received a letter, to-day, dated Cairo, February 27th, from Flag Officer Foote, who says:—"I have the honor to forward a communication from Lieut. Commanding Bryant, the substance of which I have just telegraphed. The captain of the steamer who brings the despatch says that six miles below Nashville there was a battery, which mounted 15 guns, but several of them were thrown into the river before the Cairo arrived. He also reports that a strong Union feeling was manifested, that Gov. Harris after vainly attempting to rally the citizens and others, left on Sunday morning for Memphis. He also states that the gunboats were welcomed by the people at Nashville and at other points on the Cumberland river, and that on hearing of my arrival, supposing the gunboats would proceed immediately to Nashville, the enemy retreated panic stricken. The unusually high water enabling the boats to ascend the river, is providential. The following is an enclosure in Flag Officer Foote's letter:

NASHVILLE, Feb. 25.

To Flag-Officer A. H. Foote, Commanding, &c.:—

SIR: Uncertain that my letter of the 23d inst., reached you, I repeat that I departed from Clarksville for this point, by the request of Brig. Gen. Smith, commanding at Clarksville, and arrived here this morning, preceded by seven steamboats conveying an army commanded by Brig. Gen. Nelson. The troops landed without opposition. The banks of the river are free from hostile forces. The railroad and suspension bridges here are all destroyed. Very respectfully,

A. C. BRYANT,
Lieutenant Commanding.

LOUISVILLE, March 3.

Railroad communication between here and Nashville, except over a creek, ten miles north of Nashville, damaged by rising water on Saturday, will be resumed to-morrow night. The election at Nashville on Saturday, for municipal officers, passed off quietly. The retiring mayor issued a proclamation assuring the citizens of protection by the federal troops, if they pursued their accustomed avocations. Several rebel prisoners have been brought to Nashville, and twenty-five negroes seized by the rebels in the vicinity of Bowling Green, have been recovered at Nashville and sent back. Mail communication is established to Bowling Green, and for military letters to Nashville. Col. J. G. Miller, government mail agent for Kentucky, is making energetic exertions to extend mail facilities to every part of Kentucky.

FORT MONROE, March 2.

The steamer Express left Old Point, yesterday morning, for James river, to receive the Union prisoners who were expected on Friday. They were not met, however, according to appointment. She accordingly came back about 3 P. M., yesterday. The rebel steamer Jamestown, which, with the Yorktown, is stationed at Hog Island, steamed down to the Express with a flag of truce, to ascertain the cause of her appearance in the river on two successive days. She stopped abreast of the Express at a few rods distance, and lowered a boat with a lieutenant on board to communicate. He was informed of the errand of the Express, that she was acting under information furnished by Gen. Huger, when he explained that his commander had no knowledge of any expected prisoners of war, and seeing the Express two days in succession, came down to see. He was satisfied and returned to the Jamestown, which returned to her station. She has a gun at her bow and another at her stern, and has a sharp iron cut water, projecting some three feet from her bow at the water line. She is supposed to be commanded by Capt. Barny.

Having been twice disappointed in relation to the expected prisoners, it is not known when they will be sent down the river. It is uncertain whether Col. Corcoran will be among the number. Another interview took place, yesterday, off Craney Island, between Gen. Wool and Howell Cobb, in reference to a general exchange of prisoners.

We hear, via Norfolk, that the steamer Nashville arrived at Wilmington, N. C., having run the blockade at that place.

A quantity of telegraphic cable has arrived here for the completion of the line across the bay. There is satisfactory authority for stating that a newspaper announcement in yesterday's Mercury that Gen. Hooker's division had crossed the lower Potomac is entirely false.

The Markets.

NEW YORK, March 1.

Flour receipts 16,260 bbls; market dull and drooping; sales 600 bbls at 5,40a5,50 super state; 5,60a5,70 extra state; 5,40a 5,60 super western; 5,60a5,85 common to medium extra western. Wheat receipts 7,900 bushels; market dull and nominally lower; sales unimportant.

The report that Secretary Stanton has had another attack of vertigo, was a falsehood coined in the mint of the New York Herald. His health has been excellent of late.

Col. James A. Mulligan has been ordered to take command of Camp Douglas, in place of Col. Tucker.

Robert Johnson, a son of Senator Johnson, of Tennessee, has escaped from the rebels and reached the Union camp at Flat Lick Ford, last week.

☞ Congress has authorized the issue of army certificates of indebtness, and it is thought the amount will reach thirty millions.

Great demonstrations have taken place at Genoa and Milan, in favor of Victor Emanuel as King of Italy, with the capital at Rome. The Pope is acknowledged the head of the church, but should not exercise temporal authority.

Public Schools.

The public schools of the city will be re-opened on Monday the 10th instant. The teachers now in the employ of the city will please hold themselves in readiness to enter upon the discharge of their duties at that time.

CERTIFICATES

as to the value of

The Jessup Seed Drill.

THE following certificates have been given by persons using the Jessup Seed Drill:

FULTON.

Mr. Somerhill:—I take pleasure in saying that the Jessup Drill which I purchased of you last spring operates to my entire satisfaction. The draft is light, it distributes the grain very evenly and accurately, and there is no possibility of its cracking the grain. I am acquainted with the operation of many different drills and can cheerfully recommend the Jessup as a superior one. Yours, JOB ALLEN.

Mr. Somerhill:—The Jessup Drill I purchased of you last spring operates as well as I could wish it to. I would cheerfully recommend it to any one in want of a drill. WM. SHORT.
Albion, Dane county.

Mr. Somerhill:—I hereby certify that the Jessup Grain Drill I purchased of you last spring works in the most satisfactory manner. I think it a good and durable machine, and worthy the patronage of every good farmer. It is a saving in seed and labor.
Cooksville, Nov. 25, 1861. H. STEBBINS.

I have examined many drills and am satisfied that the Jessup is the best. I used one last spring and like it much. It is very accurate and light draft.
Bradford, Dec. 27, 1861. WALTER STONE.

Mr. Somerhill:—We cordially assent to what Mr. Stebbins says about the Jessup Drill.

RANDOLPH, Dodge Co., Wis., Jan. 14th, 1862.

Mr. R. J. Richardson, Sir:—I learn that you are manufacturing the Jessup Grain Drills. I came here from York state the last of March, 1850, and sold fourteen of Jessup's first patent. The next spring, after closing my winter school, I sold eighteen, and last spring after closing my school I sold thirty-six of Jessup's Improved Drills, such as I learn you are making.

Now I wish to ask you if you can furnish me with some of the ten and eleven tooth drills for next spring's use. I do not think of ordering more than twenty at present. Those I sold last spring gave entire satisfaction. Please reply immediately. Yours,

SECOND GREAT ARRIVAL OF Fall and Winter Goods!

AT THE NEW AND POPULAR STORE OF

RIORDAN & LEECH,

Main Street, Janesville.

OWING to the immense trade we have done since commencement in this city, (a trade which far exceeded our most sanguine expectations,) we have been enabled to add to our already well selected and extensive stock a still greater variety of

NEW AND DESIRABLE GOODS,

all of which have been purchased previous to the late advance, thereby giving us the advantage of merchants who have been obliged to pay a far higher rate for goods purchased within the past week or two; we shall therefore continue to sell at prices which are sure to give satisfaction, and which have given us the character of

The Cheapest Store in Janesville,

and which we are determined to maintain during our whole business career.

We call particular attention to our extensive variety of

DRESS GOODS,

comprising the latest styles in market: beautiful figured and plain Merinoes, all colors, Ottoman Repps, Silk Poplins, double width Broches, black and white check Valentias, Cardenias, Colburgs, &c., &c., together with an elegant assortment of

DELAINES,

of the very richest styles.

SHAWLS AND CLOAKS.

In this department we have always been able to boast of the best selection in town and have added all the

Different Styles Lately Manufactured,

thereby enabling us to offer the

HANDSOMEST LOT OF CLOAKS

to be found in any city of the west, not even excepting Chicago. Our stock of

Broche, Square and Long Shawls

are cheaper than ever before offered in this city, being the importation of Thirion Maillaird & Co. and purchased at auction at about one half their actual value.

We have on hand an elegant variety of

FURS!

consisting of Fitch, French Cooney, Mink, &c., &c., with

MUFFS TO MATCH,

and which we offer

Twenty-Five Per Cent Lower

than any other establishment in this city, a fact fully admitted by all who have purchased of us. Our Furs are entirely new and warranted free from moths.

It is unnecessary for us to enumerate our stock.

Call, Examine and Judge for Yourselves.

We feel grateful for the extensive patronage bestowed on us and hope to merit its continuation.

THE subscriber having purchased the stock of goods formerly owned by S. C. Spaulding, takes this method of informing the citizens of Janesville and the country generally that he will keep a full assortment of

Watches, Clocks, Jewelry, SILVER WARE, PLATED WARE, Spectacles, &c., &c.,

at the old stand, corner of Myers' New Block, where he will be pleased to meet any and all of the former patrons and as many new ones as may honor him with a call. He pledges them he will give them better bargains than can be had in the city or state.

Having had several years experience as a practical

WATCH REPAIRER,

four of which in this city, I can safely promise those having watches for repairs that if they are trusted to my care I will do them justice, and my charges will be moderate.

Clocks and Jewelry carefully and neatly repaired.

ENGRAVING DONE TO ORDER.
☞ Cash paid for old gold and silver.
J. A. DENELL.

In taking leave of my numerous customers, I can cheerfully recommend my successor, Mr. J. A. Denell, to their confidence, and as worthy of patronage from all who require any goods in his line. I shall be on hand most of the time at the old stand until spring. Those interested will please give me a call,

CURE
Nervous Headache
CURE
All kinds of
Headache.

By the use of these pills the periodic attacks of *Nervous or Sick Headache* may be prevented; and if taken *at the commencement* of an attack immediate relief from pain and sickness will be obtained.

They seldom fail in removing *Nausea* and *Headache* to which females are so subject.

They act gently upon the bowels,—removing *Costiveness*.

For *Literary Men, Students*, delicate females, and all persons of *sedentary habits*, they are valuable as a *Laxative*, improving the *appetite*, giving *tone* and *vigor* to the digestive organs, and restoring the natural elasticity and strength of the whole system.

The CEPHALIC PILLS are the result of long investigation and carefully conducted experiments, having been in use many years, during which time they have prevented and relieved a vast amount of pain and suffering from headache, whether originating in the *nervous* system or from a deranged state of the *stomach*.

They are entirely vegetable in their composition, and may be taken at all times with perfect safety without making any change of *diet*, *and the absence of any disagreeable taste renders it easy to administer the children.*

Something for Every Citizen, Every Fireside, Every Rader!

NO MAN, NO FAMILY, NO OFFICE SHOULD BE WITHOUT IT.

The only Correct and Complete

HISTORY OF THE WAR.

THE SOUTHERN REBELLION

and the

WAR FOR THE UNION:

A History of the

Rise and Progress of the Rebellion,

and

Consecutive Narrative of Events and Incidents, from the First Stages of the Treason Against the Republic down to the Close of the Conflict,

TOGETHER WITH IMPORTANT DOCUMENTS AND EXTRACTS FROM REMARKABLE SPEECHES.

In Weekly Parts, 32 pages, large 8vo, Price 10 Cents.

THE want of an *authentic* and *thorough* History of the Rebellion, for present reference and future preservation, is the subject of general remark. No work of that nature has yet been offered to the public, and all who wish for information are compelled to grope through the mazes of the rumors, reports, dispatches, letters and editorials of the daily newspapers, to *precipitate*, from its confused columns, the great facts and incidents of the struggle for the Union.

To meet this want, and to produce a work of *permanent value as well as of present interest*, the publisher has arranged for the issue of the history as above set forth—in a form and at a price which shall render it *acceptable to all*.

This history will tell the STORY AS IT IS, giving a clear, consecutive narrative of the entire movement, including all the incidents and events in their exact order, and containing the important documents and extracts from remarkable speeches. It will not be a mere diary, nor a mere enumeration of dry and naked dates, nor a compilation of slips from newspapers, but will portray in connected and interesting narrative, the revolutionary steps, as well as the measures of the government.

It will carefully digest all evidence—will sift all rumors and reports—will fix upon facts, and correct so far as possible the errors and discrepancies incident to the hasty narratives of the newspapers.

It will be written in a style suited to its theme—at once graphic, earnest and luminous, introducing such personal and social incidents as may serve to show the relations of individuals and communities to the grand events of the time.

It is true, everybody reads the newspapers, but the reports of the newspapers are the fragmentary and contradictory children of the moment, and not a *correct, connected* and *complete* history. The above publication, afterwards bound in a handsome volume, will be a book for the family, which will be valued like the records of the War of Independence, or the Life of Washington, and worthy to be kept for children and grand-children, as a memorial of the present time.

It will thus prove desirable, available and satisfactory to every citizen, every family, every office, every library; and is given to the public in the full assurance that it will command the approbation of every patriot, every Union man, every good citizen in our still Glorious Land.

Cephalic Pills CURE Sick Headache! CURE Nervous Headache CURE All kinds of Headache.

By the use of these pills the periodic attacks of *Nervous or Sick Headache* may be prevented; and if taken at the commencement of an attack immediate relief from pain and sickness will be obtained.

They seldom fail in removing *Nausea* and *Headache* to which females are so subject.

They act gently upon the bowels,—removing *Costiveness.*

For *Literary Men, Students,* delicate females, and all persons of *sedentary habits,* they are valuable as a *Laxative,* improving the *appetite,* giving *tone* and *vigor* to the digestive organs, and restoring the natural elasticity and strength of the whole system.

The CEPHALIC PILLS are the result of long investigation and carefully conducted experiments, having been in use many years, during which time they have prevented and relieved a vast amount of pain and suffering from headache, whether originating in the *nervous* system or from a deranged state of the *stomach.*

They are entirely vegetable in their composition, and may be taken at all times with perfect safety without making any change of diet, *and the absence of any disagreeable taste renders it easy to administer the children.*

The only Correct and Complete

HISTORY OF THE WAR.

THE SOUTHERN REBELLION
and the
WAR FOR THE UNION:
A History of the
Rise and Progress of the Rebellion,
and

Consecutive Narrative of Events and Incidents, from the First Stages of the Treason Against the Republic down to the Close of the Conflict,

TOGETHER WITH IMPORTANT DOCUMENTS AND EXTRACTS FROM REMARKABLE SPEECHES.

In Weekly Parts, 32 pages, large 8vo, Price 10 Cents.

THE want of an *authentic* and *thorough* History of the Rebellion, for present reference and future preservation, is the subject of general remark. No work of that nature has yet been offered to the public, and all who wish for information are compelled to grope through the mazes of the rumors, reports, dispatches, letters and editorials of the daily newspapers, to *precipitate,* from its confused columns, the great facts and incidents of the struggle for the Union.

To meet this want, and to produce a work of *permanent value as well as of present interest,* the publisher has arranged for the issue of the history as above set forth—in a form and at a price which shall render it *acceptable to all.*

This history will tell the STORY AS IT IS, giving a clear, consecutive narrative of the entire movement, including all the incidents and events in their exact order, and containing the important documents and extracts from remarkable speeches. It will not be a mere diary, nor a mere enumeration of dry and naked dates, nor a compilation of slips from newspapers, but will portray in connected and interesting narrative, the revolutionary steps, as well as the measures of the government.

It will carefully digest all evidence—will sift all rumors and reports—will fix upon facts, and correct so far as possible the errors and discrepancies incident to the hasty narratives of the newspapers.

It will be written in a style suited to its theme—at once graphic, earnest and luminous, introducing such personal and social incidents as may serve to show the relations of individuals and communities to the grand events of the time.

It is true, everybody reads the newspapers, but the reports of the newspapers are the fragmentary and contradictory children of the moment, and not a *correct, connected* and *complete* history. The above publication, afterwards bound in a handsome volume, will be a book for the family, which will be valued like the records of the War of Independence, or the Life of Washington, and worthy to be kept for children and grand-children, as a memorial of the present time.

It will thus prove desirable, available and satisfactory to every citizen, every family, every office, every library; and is given to the public in the full assurance that it will command the approbation of every patriot, every Union man, every good citizen in our still Glorious Land.
